Preface

- PEdaily E-Magazine, formerly known as Zero2ipo e-Weekly first published in 2006, is a information weekly designed for PE/VC insiders, covering weekly investment & financing news, important industry information, data observations, personality profiles, experts' insights, etc.

- Pedaily.cn, relying on the extensive investor networking, is dedicated to providing insiders timely, accurate and in-depth market reports, integrating 10+ years' research resources of Zero2IPO Group and making all efforts to build a professional website with abundant data and in-depth analysis.

- We sincerely welcome you, whoever you are, investors, entrepreneurs, analysts or lawyers, to share your viewpoints and thinking and witness the growth of China's PE/VC industry.

VC/PE Investments in Oct. Hit Record High of the Year; Institutional Reform Supports the Growth of Start-up Enterprises

According to statistics of Zero2IPO Database, China's VC/PE market registered 79 investment deals in October 2013, in which 69 disclosed a total amount of US$1.74B and an average amount of US$25.19M. Among them, there were two large-sum financing events. Pactera Technology International Ltd. was privatized by a consortium led by Blackstone Group with a total investment of US$625M; TPG Capital acquired 12.2% stake in Phoenix Satellite Television Holdings Limited with US$214M. In October, both the total number and amount of VC/PE investments rose. The number of deals was slightly higher than the previous month, up 9.7% month on month and 315.8% year on year; benefited from the two large-sum financings, the total amount witnessed an explosive growth, up 161.4% month on month and 268.2% year on year. As to investment strategy, the number of investments in telecom & value-added services and Internet kept rising, getting attention of investors.
