Cap. 145.

[11th March, 1932.]

Short title. 1. This Law may be cited as the Quarantine Law.*

Interpretation. 2. In this Law—

“dangerous infectious disease” means cholera, plague, smallpox, typhus and yellow fever, and includes any disease of an infectious or contagious nature which the Governor may, by notification under this Law, declare to be a dangerous infectious disease within the meaning of this Law;

“infected local area” means any local area in which dangerous infectious disease exists provided that no local area shall be deemed infected solely on account of imported cases and provided that the Director of Medical Services is satisfied that all necessary measures have been taken to check the spread of the disease; no local area shall be deemed infected on account of cholera or smallpox or typhus except the cases of cholera form a “foyer” or smallpox or typhus exist in epidemic form.

Cases of cholera shall be deemed to constitute a “foyer” when the occurrence of new cases outside the
