RECEPTION AND TRANSMISSION OF RADIO COMMUNICATIONS
WITHIN THE PHILIPPINES.**

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. There is hereby granted to Oceanic Fisheries (Phil.), Inc. a temporary permit to construct, operate and maintain at such places within the Philippines, as the grantee may select, subject to the approval of the Secretary of Public Works and Communications, private fixed point-to-point, land based, land mobile, and marine coastal service radio stations for the reception and transmission of wireless messages on radiotelegraphy or radio-telephony, each station to be provided with radio transmitting apparatus and radio receiving apparatus.

SEC. 2. This temporary permit shall continue to be in force during the time that the Government has not established similar service at the places selected by the grantee, and is granted upon the express condition that the same shall be void unless the construction or installation of said stations be begun within one year from the date of approval of this Act and be completed within two years from said date.

SEC. 3. The grantee, its successors or assigns, shall not engage in domestic business of telecommunications, it being understood that the purpose of this temporary permit is to secure to the grantee the right to construct, install, operate and maintain private fixed point-to-point, land based, land mobile, and marine coastal service radio stations in such places within the Philippines as the business of the grantee may justify.

SEC. 4. No fees shall be charged by the grantee as the radio stations that may be established by virtue of this Act shall engage in communications regarding the grantee's business only.

SEC. 5. The grantee, its successors or assigns, shall so construct, and operate its radio stations as not to interfere with the operation of other radio stations maintained and operated in the Philippines.

SEC. 6. The grantee, its successors or assigns, shall hold the national, provincial, city and municipal governments of the Philippines harmless from all claims, accounts, demands or actions arising out of accidents or injuries, whether to property or to persons, caused by the construction or operation of its radio stations.
