

[REPUBLIC ACT NO. 2250, June 18, 1959]

AN ACT GRANTING THE MAINIT LUMBER AND DEVELOPMENT COMPANY, INC., A TEMPORARY PERMIT TO CONSTRUCT, ESTABLISH, MAINTAIN AND OPERATE PRIVATE FIXED POINT-TO-POINT AND PRIVATE COASTAL RADIO STATIONS FOR THE RECEPTION AND TRANSMISSION OF RADIO COMMUNICATIONS WITHIN THE PHILIPPINES.

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. There is hereby granted to the Mainit Lumber and Development Company, Inc., a corporation duly organized under the laws of the Philippines, a temporary permit to construct, establish, maintain and operate in the Philippines, at such places as the said grantee may select, subject to the approval of the Secretary of Public Works and Communications, private fixed point-to-point and private coastal radio stations for the reception and transmission of wireless messages on radiotelegraphy or radiolephony, each station to be provided with radio transmitting apparatus and a radio receiving apparatus.

SEC. 2. The President of the Philippines shall have the power and authority to permit the location of said private fixed point-to-point and private coastal radio stations or any of them on lands of the public domain upon such terms as he may prescribe.

SEC. 3. This temporary permit shall continue to be in force during the time that the Government has not established similar service at the places selected by the grantee, and is granted upon the express condition that the same shall be void unless the construction of said stations be begun within one year from the date of approval of this Act and be completed within two years from said date.

SEC. 4. The grantee, its successors or assigns, shall not engage in domestic business of telecommunications in the Philippines without further special assent of the Congress of the Philippines, it being understood that the purpose of this temporary permit is to secure to the grantee the right to construct, establish, maintain and operate private fixed point-to-point and private coastal radio stations in such places within the Philippines as the interests of the company and of its trade and business may justify.

SEC. 5. This temporary permit shall not take effect until the Secretary of Public Works and Communications shall have allotted to the grantee the frequencies and wave lengths to be used thereunder, but the grantee, its successors or assigns, may use the international distress frequency of five hundred kilocycles and the high distress frequency of eight thousand two hundred eighty kilocycles whenever necessary.
