Be it enacted by the Senate and House Representatives of the Philippines in Congress assembled:

SECTION 1. The Hercules Lumber Company, Incorporated, its successors or assigns, is hereby granted a temporary permit to establish, maintain and operate private fixed point-to-point radiotelephone stations in the Municipal of Alicia, Province of Zamboanga del Sur and in other parts of the Philippines where it operates its lumber business, subject to the approval of the Secretary of Public Works and Communications, for the transmission and reception of wireless messages to and from these stations, including its tugboats.

SEC. 2. The President of the Philippines shall have the power and authority to permit the construction, maintenance, and operation of said private fixed point-to-point radiotelephone stations on any land of the public domain upon such terms as he may prescribe.

SEC. 3. The temporary permit granted under this shall continue to be in force while the Government has not established similar service at places hereinabove stated, and subject to the condition that the grantee, its successor or assigns, shall start operation under said permit within one and half years from the date of the approval of this Act.

SEC. 4. The grantee, its successors or assigns, shall not engage in domestic business of telecommunication in the Philippines, it being understood that the temporary permit granted under this Act merely secures the right of the grantee to establish, maintain and operate private fixed point-to-point radiotelephone stations at the places hereinabove stated for no other purpose than to promote, protect, and subserve the trade and business interests of the grantee as a lumber company.

SEC. 5. The actual operation of said private fixed point-to-point radiotelephone stations shall not commence until after the Secretary of Public Works and Communications shall have allotted to the grantee the frequencies and wave lengths to be used thereunder.

SEC. 6. The grantee, its successors or assigns, shall so construct and operate such stations as not to interfere with operation of other radio stations maintained and operated the Philippines.
