

**[DDB BOARD REGULATION NO. 10, S. 2003,
November 21, 2003]**

**GUIDELINES FOR THE IMPLEMENTATION OF DRUG TESTING OF
DRIVER'S LICENSE APPLICANTS**

Pursuant to Article III, Section 36 (a) of Republic Act 9165 the following guidelines are hereby promulgated.

The guidelines shall apply to all applicants who wish to secure Professional or Non-Professional driver's licenses, whether, new licenses or renewal. Likewise, the guidelines outline the objectives, procedures of the mandatory drug testing and consequences of a positive drug test result.

The guidelines will be implemented in all Land Transportation Offices (LTO) nationwide taking into consideration the autonomy of applicants to select the Department of Health-Accredited Drug Testing Center where they wish to be tested.

- A. Drivers -- Shall mean every and any licensed operator of a motor vehicle
- B. Professional Driver's License -- an authority embodied in a form prescribed by the Land Transportation Office (LTO), of a person to operate a private or public utility vehicle for compensation or business proper operations. Nothing in this definition shall be construed to prohibit the holder of a professional driver's license from operating a private vehicle without compensation
- C. Non-Professional Driver's License -- an authority of a person to operate any motor vehicle without compensation as in a form prescribed by the LTO
- D. Restriction Code (RC)-- specification in the driver's license as to the type of motor vehicle a driver is allowed to operate
- E. Mandatory Drug Testing -- refers to compulsory submission of a subject for drug testing as required by law.

III. RATIONALE

In 2002, about 2.9 million drivers nationwide were required to undergo drug testing as a prerequisite for the issuance of driver's license. According to the Land Transportation Office (LTO), about 11% of those who sought driver's licenses were confirmed positive for the use of methamphetamine or marijuana. These drivers were denied their licenses. Substance use has been documented to alter perception and therefore pose a hazard to the driver himself and to the public.

It is the responsibility of the State to create policies that would protect the public and to prevent hazards posed by the use of these substances. Towards this end, the government through the LTO will require drivers to submit themselves to mandatory drug-testing conducted by DOH-Accredited Drug Testing Laboratories nationwide in accordance with the provisions of the Comprehensive Dangerous Drugs Act of 2002.

There is a need to promulgate and improve existing rules and regulations to remove drivers under the influence of dangerous drugs and reduce morbidity and mortality.

IV. OBJECTIVES OF THE MANDATORY DRUG-TESTING OF DRIVERS

1. To deter dangerous drugs use among drivers
