## [ PPA MEMORANDUM CIRCULAR NO. 27-99, June 07, 1999 ]

### CLARIFICATORY GUIDELINES ON PILOTAGE/TUG ASSISTANCE

To ensure a more effective and uniform implementation of PPA pilotage/tug assistance regulations, the following clarificatory guidelines are hereby issued for the guidance of and compliance by all concerned:

1. Pilotage service shall be compulsory in government and private ports for all foreign vessels and for domestic vessels of 100 GRT and above.

2. Considering that Executive Order No. 1088 has been declared valid by the Supreme Court, pilotage rates prescribed therein (Annex "A"[*]) shall be strictly implemented.

3. The "No Service, No Pay" policy should be enforced and adhered to by all concerned. In no instance shall any harbor pilot charge or bill any vessel for pilotage service which should have been rendered but which, in reality, was not undertaken. In this regard, shipping companies are advised to remind their Masters not to sign pilotage service tickets for unrendered pilotage.

4. Tug assistance is generally optional under normal conditions. However, it is compulsory in the following areas/situations:

4.1 Baseport of Cagayan de Oro — for all foreign and domestic vessels of 1,500 GRT and above (PPA AO No. 12-95);
