If found beyond the 90-day free storage period, the mill company shall charge and collect the penalty of FIFTY CENTAVOS (P0.50) per LKg per day from the last holder of the quedan-permits.

A penalty of FIFTY CENTAVOS (P0.50) per LKg per day shall likewise be imposed and collected from sugar traders/exporters whose "D" sugar for shipment remains unwithdrawn within a period from the date the "D" quedans had been surrendered to the mill companies, the period herein stated is prescribed as follows:

- (i) A 30-day period plus the number of days remaining on the free storage period if "D" quedans were surrendered prior to the date of expiration of its free storage period;
- (ii) A 30-day period if "D" quedans were surrendered on the date of expiration of its free storage period; and
- (iii) A 30-day period less the number of days that transpired after the date of expiration of its free storage period if "D" quedans were surrendered after the free storage period.

**(b) As to the other classes of sugar when swapped against "D" sugar** - upon presentation of "A", "B" or "C" quedan-permits covering such sugar for swapping or exchange, the issuance date shall be transferred to its swapping counterpart. On withdrawal of this "D" sugar, the procedures in (a), above, shall be applied.

(c) The mill companies shall make the collection of penalties which shall be payable by check in the name of the Sugar Regulatory Administration (SRA) and shall be handed to the Mill District Regulation Officers assigned in their respective mill districts who shall remit same to SRA at the earliest time possible.
