Telecommunications (Radio-communication) Regulations

Table of Contents

Part I PRELIMINARY

1 Citation

2 Definitions

Part II RADIO SPECTRUM plan AND RADIO FREQUENCY BAND PLAN

3 Radio spectrum plans

4 Radio frequency band plans

5 Variation or revocation of radio spectrum plan and radio frequency band plan

Part III SPECTRUM RIGHTS

Division 1 — Allocation and Conditions of Spectrum Rights

6 Allocation of spectrum rights

7 Procedures for determining allocation of spectrum rights

8 Allocation of spectrum rights subject to requirements

9 Exclusion from allocation of spectrum rights

10 Conditions of grant of spectrum rights

11 Authorisation to use assigned part of radio frequency spectrum

Division 2 — Spectrum Sharing and Trading

12 Spectrum sharing

13 Spectrum trading

14 Variation of conditions of spectrum rights upon assignment

Division 3 — Variation, suspension, cancellation and resumption of Spectrum Rights

15 Variation of certain conditions of spectrum rights

16 Suspension or cancellation of spectrum right, etc.

17 Resumption of spectrum rights by agreement

18 Resumption of spectrum rights compulsorily

Part IV requirement for licensing

19 Licensing requirement

20 Restrictions on grant of licence

21 Licensee not exempted from other laws

22 Other conditions not affected

Part V STATION (SPECTRUM) LICENCE AND NETWORK (SPECTRUM) licence

23 Grant of station (spectrum) licence and network (spectrum) licence

24 Particulars of station (spectrum) licences and network (spectrum) licences

Part VI STATION licence AND NETWORK Licence

Division 1 — Grant of fees for and withdrawal of radio frequency allocated to station licence and network licence

25 Grant of station licence and network licence

26 Fees

27 Power of Authority to change or withdraw radio frequency

Division 2 — Types of Station Licence and Network Licence Network Licence

28 Network Licence

Ship Station Licence

29 Ship Station Licence

30 Restrictions on grant of Ship Station Licence

31 Compliance with Radio Regulations, Authority's requirements, etc.

32 Equipment not to cause interference

33 Restrictions on use of equipment while in territorial waters

Aircraft Station Licence

34 Restrictions on grant of Aircraft Station Licence

35 Duty of licensee in respect of equipment, Radio Regulations, etc.

36 Restrictions on use of aircraft station

Amateur Station Licence

37 Amateur Station Licence

38 Age restrictions

39 Qualifications

40 General conditions

41 Prohibition on use of encryption devices

42 Restrictions on transmission

43 Power of Authority to order transmission

44 Portable stations

Experimental Station Licence

45 Experimental Station Licence

46 Power limitations

Localised Radio-communication Station Licence

47 Localised Radio-communication Station Licence

48 Sharing of radio frequencies

General Radio-communication Station Licence

49 General Radio-communication Station Licence

50 Common base station and shared radio frequencies

51 Navigation or detection of objects

Satellite Communication Station Licence

52 Satellite Communication Station Licence

53 Obligations of licensee

54 Compliance with International Telecommunication Convention

Special Purpose Station Licence

55 Special Purpose Station Licence

Division 3 — Specific Provisions Applicable to Station Licence and Network Licence

56 Equipment in stations or networks

57 (Deleted)

58 Technical requirements

Part VII Provisions Applicable to Station (spectrum) Licences, network (spectrum) licences, station licences and Network Licences

59 Modification of conditions

60 Assignment, transfer, etc., of benefits of licence only with approval

61 Employees of licensee

62 Amendment of licence

63 Return of licence

63A Cancellation of Ship Station Licence or Aircraft Station Licence

64 (Deleted)

Part VIII INDIVIDUAL STATION CLASS LICENCE AND STATION (SPECTRUM) CLASS LICENCE

65 Grant of individual station class licences

65A Grant of station (spectrum) class licences

Part IX DUTIES AND GENERAL OBLIGATIONS

66 Inspection of radio-communication equipment
