No. S 565

**MISUSE OF DRUGS ACT
(CHAPTER 185)**

**MISUSE OF DRUGS
(URINE SPECIMENS AND URINE TESTS)
(AMENDMENT) REGULATIONS 2013**

In exercise of the powers conferred by sections 31 and 58 of the Misuse of Drugs Act, the Minister for Home Affairs hereby makes the following Regulations:

Citation and commencement

1. These Regulations may be cited as the Misuse of Drugs (Urine Specimens and Urine Tests) (Amendment) Regulations 2013 and shall come into operation on 6th September 2013.

Deletion and substitution of First Schedule

2. The First Schedule to the Misuse of Drugs (Urine Specimens and Urine Tests) Regulations (Rg 6) is deleted and the following Schedule substituted therefor:

“FIRST SCHEDULE

Regulation 3(1)

PROCUREMENT OF URINE SPECIMEN

1. A suspect who is required to provide a specimen of his urine shall be directed by an enforcement officer to wash and dry his hands.

2. The suspect shall be asked by an enforcement officer to choose, in the presence of the enforcement officer, a master bottle that is pre-packed and sealed from a lot of not less than 10 bottles provided by the enforcement officer and 2 containers that are pre-packed and sealed from a lot of not less than 20 containers provided by the enforcement officer.

3.—(1) The suspect shall then carry with him the master bottle and the 2 containers of his choice and be escorted by the enforcement officer (or some other officer authorised by the enforcement officer) to an appropriate place to provide his urine specimen.

(2) The master bottle and 2 containers shall, in the presence of the suspect and officer escorting the suspect, be removed from the sealed packs, whether before or after the suspect is escorted to the appropriate place to provide his urine specimen.

4.—(1) The suspect shall urinate into the master bottle.

(2) The officer escorting the suspect shall ensure that the urine specimen in the master bottle is that of the suspect and not that of any other person.

Where urine specimen in master bottle is 80 ml or more

5.—(1) Where the volume of the suspect's urine specimen in the master bottle is 80 ml or more, 30 ml or more of the urine specimen shall be transferred by the suspect or an enforcement officer, with both present, from the master bottle into each of 2 containers.

(2) The remaining urine specimen in the master bottle shall be used for a urine screening test and the master bottle shall then be discarded.

(3) While waiting for the screening test result, the 2 containers may be temporarily sealed by an enforcement officer and returned to the suspect.

(4) After the screening test result is ready, an enforcement officer shall seal the 2 containers in the presence of the suspect for the purpose of analysis by the Health Sciences Authority, following the procedures as set out in paragraph 13.

Where urine specimen in master bottle is less than 80 ml

6.—(1) Where the volume of the suspect's urine specimen in the master bottle is less than 80 ml, some of the urine specimen may be transferred by the suspect or an enforcement officer, with both present, from the master bottle into one of the 2 containers.

(2) The transferred urine specimen in the container shall be used for a screening test and the container shall then be discarded.

(3) At any time before the suspect makes a second attempt to provide more urine, he shall be directed by an enforcement officer to wash his hands again and choose one container that is pre-packed and sealed from a lot of not less than 10 containers provided by the enforcement officer.

7. Before the suspect provides more urine, the master bottle and any container that had earlier been removed from the sealed pack may be temporarily sealed by an enforcement officer and returned to the suspect.

8. When the suspect is ready to provide more urine, the suspect shall carry the same master bottle and the 2 containers and be escorted by an enforcement
