

# **Fire Safety (Petroleum and Flammable Materials) Regulations**

## **Table of Contents**

### **Part I PRELIMINARY**

#### **1 Citation**

#### **2 Definitions**

### **Part II LICENCES AND PERMITS**

#### **3 Application for licences and permits**

#### **4 Application for licence to store or keep petroleum or flammable materials**

#### **5 Application for licence to transport petroleum or flammable materials**

#### **6 Application for Hazardous Materials Transport Driver Permit**

#### **7 Duration of licence or permit**

#### **8 Transfer of licence or permit**

#### **9 Loss or destruction of licence or permit**

#### **10 Notification of change in licence or permit particulars**

#### **11 Licence to be exhibited**

#### **12 Licence, etc., to be produced for inspection**

#### **13 Cancellation of licence or permit on cessation of regulated activity**

#### **14 Fees**

### **Part III IMPORT OF PETROLEUM AND FLAMMABLE MATERIALS**

**15 Import of petroleum or flammable materials in excess of Second Schedule quantity requires licence**

**16 Conveyance or container used to import**

**17 Collection of imported petroleum and flammable materials**

### **Part IV STORAGE OF PETROLEUM AND FLAMMABLE MATERIALS**

**18 Register of petroleum and flammable materials stored**

**19 Construction of licensed premises**

**20 Precautions to be observed in relation to premises**

**21 Means of access and escape to be kept clear**

**22 Stacking requirements**

**23 Protection and maintenance of licensed premises**

**24 Provision of fire-fighting and detection equipment**

**25 Provision of Company Emergency Response Team**

**26 Security measures for licensed premises**

**27 Emergency Response Plan**

### **Part V DISPENSING OF PETROLEUM AND FLAMMABLE MATERIALS**

**28 Duties of operator of dispensing station**

**29 Sale and supply of petroleum and flammable materials**

### **Part VI TRANSPORT OF PETROLEUM AND FLAMMABLE MATERIALS**

**30 Transport of petroleum or flammable materials in excess of Second Schedule quantity requires licence**

**31 Duties of person licensed to transport in relation to vehicle**

**32 Obligations of person licensed to transport in packages**

**33 Obligations of person licensed to transport petroleum or flammable materials in bulk**

**34 Maximum laden weight of vehicle transporting petroleum**

**35 Passenger in vehicle transporting petroleum or flammable materials prohibited**

**36 Responsibilities of driver**

**37 Routes of transport**

**38 Hours of transport**

**39 Precautions against fire, explosion or leakage**

**40 Vehicle used for transport of petroleum and flammable materials**

**41 Loading and unloading of petroleum and flammable materials**

**42 Prohibitions on vehicles carrying petroleum and flammable materials**

**43 Supervision of vehicles carrying petroleum and flammable materials**

**44 Tracking of vehicles carrying petroleum and flammable materials**

**45 Transport Emergency Response Plan**

## **Part VII SPECIAL REQUIREMENTS**

**46 Emergency information panel and warning labels**

**47 Tank plate details**

**48 Containers used to comply with code of practice**

**49 Testing of container**

**50 Storage of unused container**

**51 Filling and dispensing equipment**

**52 Cylinders used in storing Class O petroleum and flammable materials**

**53 Duties of supplier and dealer of Class O petroleum**

**54 Appointment of dealers of Class O petroleum**

**55 Notification of loss, theft, fire, explosion, leakage, accident or accidental discharge of petroleum or flammable materials**

**56 Release of petroleum and flammable materials into public drains prohibited**

## **Part VIII MISCELLANEOUS**

**57 Power of Commissioner to issue directions**

**58 Negligent conduct when storing, keeping or transporting petroleum or flammable materials**

**59 Offence and penalty**

**60 Saving and transitional provisions**

## **FIRST SCHEDULE Fees**

## **SECOND SCHEDULE Quantities requiring import and transport licence**

## **THIRD SCHEDULE**

### **Legislative History**

#### **FIRE SAFETY ACT (CHAPTER 109A, SECTION 61(1))**

#### **FIRE SAFETY (PETROLEUM AND FLAMMABLE MATERIALS) REGULATIONS**

**Rg 7**

**G.N. No. S 81/2005**

**REVISED EDITION 2008**

(2nd June 2008)

[16th February 2005]

#### **PART I**

#### **PRELIMINARY**

#### **Citation**

1. These Regulations may be cited as the Fire Safety (Petroleum and Flammable Materials) Regulations.

#### **Definitions**

2.—(1) In these Regulations, unless the context otherwise requires —

“approved code of practice” means any code of practice, standard, guide or manual that is approved by the Commissioner for the purpose of providing practical guidance to persons engaged in the storage, keeping, transport or dispensing of any petroleum or flammable material;

“approved inspector” means any person approved by the Commissioner to carry out inspections, tests and certification required by these Regulations of any premises or vehicle used or to be used in the storage or transport of any petroleum or flammable material or both;
