

United Nations Conference on Trade and Development

THE NEW BIOECONOMY

**Industrial and Environmental Biotechnology
in Developing Countries**

Ad Hoc Expert Group Meeting

**Palais des Nations, Geneva
15–16 November 2001**

The paper was prepared by Calestous Juma and Victor Konde
Belfer Center for Science and International Affairs
Kennedy School of Government
Harvard University

NOTE

The views expressed in this volume are those of the authors and do not necessarily reflect the views of the UNCTAD secretariat.

The designations employed and the presentation of material do not imply the expression of any opinion whatsoever on the part of the United Nations secretariat concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

Material in this publication may be freely quoted or reprinted, but acknowledgement is requested, together with a reference to the document number. A copy of the publication containing the quotation or reprint should be sent to the UNCTAD secretariat.

CONTENTS

I. INTRODUCTION	1
II. THE EMERGENCE OF A NEW BIOECONOMY	2
III. GLOBAL TECHNOLOGY AND POLICY TRENDS	4
A. Technological innovation	4
B. Structure and evolution of the biotechnology industry	7
C. International and national policy	8
D. Commercialization of biotechnology in developing countries	9
IV. INTERNATIONAL MARKET OPPORTUNITIES	12
A. Scope for trade	12
B. Market structure	13
C. Opportunities for developing countries	15
V. GLOBAL GOVERNANCE OF BIOTECHNOLOGY	17
A. Improving market access	17
B. Forging international biotechnology alliances	19
C. Crafting flexible intellectual property systems	19
D. Creating enabling regulatory environments	20
E. Managing economic risks and benefits	21
VI. CONCLUSION	22
