## Acknowledgments

This report was produced by Carla Vaca Eyzaguirre and Divya Prabhakar, under the overall guidance and with substantive inputs from Claudia Contreras, Economic Affairs Officer, and David Vivas Eugui, Legal Officer, at the Office of the Director at the Trade, Environment, Climate Change and Sustainable Development Branch at UNCTAD.

The authors gratefully acknowledge the inputs and comments provided by Steve MacFeely and Fernando Cantu-Bazaldua from the UNCTADStat team, Regina Asariotis and Hassiba Benamara from UNCTAD Division on Technology and Logistics, Ludovic Arnaud (UNCTAD Division on International Trade and Commodities), as well as UNCTAD TRAINS and the World Travel and Tourism Council for data on non-tariff measures and the tourism trade, respectively.

Editing and graphic design by Claire Ward and Wendy Worrall.

|  |     |
|--|-----|
| Acknowledgments  | iii |
| Abbreviations and acronyms   | x   |
| Executive summary  | xi  |
| <b>1. Understanding the oceans economy</b>   | 1   |
| <b>2. Global overview of sustainable ocean-based sectors – trade trends, drivers and market access</b>             | 6   |
| 2.1 Analytical framework: UNCTAD's Sustainable Oceans Economy Classification                                       | 6   |
| 2.2 Tariffs and non-tariff measures in ocean-based goods: a determining factor of market access                    | 9   |
| 2.3 The trade dynamics of sustainable ocean-based sectors – global overview  | 11  |
| 2.3.1 Trade of sustainable ocean-based goods   | 12  |
| 2.3.2 Trade of sustainable ocean-based services  | 15  |
| 2.3.3 Energy   | 16  |
| <b>3. Sector profiles: a glance at trade trends and drivers of ocean-based economies</b>                           | 18  |
| 3.1 Marine fisheries   | 18  |
| Trade trends   | 18  |
| Market drivers and market access   | 24  |
| 3.2 Seafood processing   | 30  |
| Trade trends   | 30  |
| Market drivers and market access   | 33  |
| 3.3 Sea minerals   | 37  |
| Sea salt   | 38  |
| Natural sea sand   | 39  |
| Market access  | 41  |
| 3.4 Ships, port equipment and parts thereof  | 44  |
| Vessels  | 45  |
| Parts of vessels and inputs supporting navigation and ports  | 46  |
| Market drivers and market access   | 48  |
| 3.5 High-technology and other manufactures   | 52  |
| High technology manufacture for environmental sustainability and clean energy                                      | 53  |
| Pharmaceuticals and chemicals made of marine organisms, and related appliances equipment                           | 55  |
| 3.6 Selected ocean-based services sectors – a snapshot   | 64  |
| Marine and coastal tourism   | 64  |
| Maritime transport and related services  | 67  |
| <b>4. Scaling up sustainable ocean-based industries: policy outlook</b>  | 71  |
| 4.1 Moving towards an integral approach  | 71  |
| 4.2 Coping with market access measures   | 72  |
| 4.3 Technology and investment – vital vectors for fostering the growth of sustainable ocean economies              | 73  |
| <b>5. Concluding remarks in the context of COVID-19</b>  | 75  |
| <b>References</b>  | 76  |
| <b>Sources</b>   | 80  |
| <b>Annexes</b>   | 81  |
| Annex 1: Methodology   | 81  |
| Level of aggregation of the data   | 81  |
| Data coverage  | 82  |
| Annex 2: Environmental and health concerns caused by ocean-based sectors and commonly used NTMs to respond to them | 83  |
| Annex 3: UNCTAD's sustainable ocean-based subsectors (Level 1)   | 85  |
| Goods  | 85  |
| Services   | 85  |
| Energy   | 86  |

## Boxes

|   |   |
|---|---|
| Box 1. Oceans and trade-related Sustainable Development Goals and targets           | 3 |
| Box 2. Defining tariffs, non-tariff measures and voluntary sustainability standards | 9 |

## Figures
