The following symbols have been used in the tables:

Two dots (..) indicate that data are not available or are not separately reported. Rows in tables have been omitted in those cases where no data are available for any of the elements in the row.

A hyphen (-) indicates that the item is equal to zero or its value is negligible.

A blank in a table indicates that the item is not applicable.

Use of a dash (–) between dates representing years (e.g. 1994–1995) signifies the full period involved, including the beginning and end years.

References to “dollars” (\$) are to United States dollars, unless otherwise indicated.

Annual rates of growth or change, unless otherwise stated, refer to annual compound rates.

Because of rounding, details and percentages in tables do not necessarily add up to totals.

UNCTAD/DTL/TLB/2014/2

TABLE OF CONTENTS

ABBREVIATIONS.....	7
Message from the Director.....	8
EXECUTIVE SUMMARY.....	9
SIDS specific features.....	9
Maritime transport and trade logistics.....	10
Climate change adaptation and disaster risk reduction.....	10
Energy efficiency and sustainability.....	11
Funding levels and access to finance.....	11
The role of development partners.....	12
I. INTRODUCTION.....	13
II. PROFILE OF SIDS: FACTORS DRIVING VULNERABILITY.....	14
A. Geography and demography.....	14
B. Economic growth and trade.....	16
1. Economic growth.....	16
2. Merchandise trade.....	16
III. MARITIME TRANSPORT IN SIDS: AN OVERVIEW.....	21
A. The position of SIDS in the global shipping network.....	21
B. Shipping services in SIDS.....	22
1. Caribbean.....	22
2. Indian Ocean.....	23
3. Pacific.....	24
4. West Africa.....	24
C. Liner shipping connectivity of SIDS.....	25
1. Determinants of connectivity.....	25
2. Direct shipping services.....	31
3. Indirect shipping services – transshipments in SIDS.....	33
D. Summary of key issues facing shipping in SIDS.....	38
1. Cargo volumes and imbalances.....	38
2. Remoteness and connectivity.....	39
3. Competition and shipping market structures.....	39
4. Transport costs in SIDS.....	40
E. Ports.....	41
1. Vessel calls at SIDS ports.....	43
2. Cargo handling productivity.....	43
3. Private sector participation.....	48
4. Financing.....	52
F. Summary of key issues facing ports in SIDS.....	53
IV. CLIMATE CHANGE IMPACTS, DISASTER RISKS AND ADAPTATION ACTION.....	56
A. Climate change.....	56
B. Geological hazards.....	58
C. Potential impacts of climate change and other hazards on transport infrastructure.....	58
D. Response measures and adaption action.....	61
1. The need for adaptation action in coastal transport infrastructure.....	61
2. Relevant national and regional response measures: Adaptation and disaster risk reduction.....	63
V. ENERGY EFFICIENCY AND SUSTAINABILITY.....	66
A. International context.....	66
B. SIDS context.....	67
C. Financing.....	68
VI. INTERSECTORAL LINKAGES.....	69
A. Linkages to trade.....	69
B. Linkages to tourism.....	70
C. Linkages to the fishing sector.....	71
D. Linkages to agriculture.....	71

VII. ADDRESSING THE CHALLENGES AND HARNESSING THE OPPORTUNITIES.....	72
Areas for action.....	73
1. Maritime transport and trade logistics.....	73
2. Climate change impacts and adaptation/disaster risk reduction.....	74
3. Energy efficiency and sustainability.....	75
4. Funding levels and access.....	75
5. The role of development partners.....	76
ANNEXES.....	77
Annex I: Size distribution of SIDS.....	77
Annex II: Direction of trade.....	78
(a) Caribbean.....	78
(b) Indian Ocean.....	79
(c) Pacific.....	80
(d) West Africa.....	81
Annex III: Indirect shipping services/transhipments in SIDS.....	84
Caribbean to Africa.....	84
Caribbean to America.....	84
Caribbean to Asia.....	84
Caribbean to Europe.....	84
Caribbean to the Pacific.....	84
Annex IV: Port profiles.....	89
Endnotes.....	94

LIST OF FIGURES AND TABLES

FIGURES

Figure 3.1 Principal global container flows.....	22
Figure 3.2 Shipping services calling at ports in the Caribbean SIDS.....	23
Figure 3.3 Shipping services calling at ports in the Indian Ocean SIDS.....	23
Figure 3.4 Shipping services calling at ports in the Pacific SIDS.....	24
Figure 3.5 Shipping services calling at ports in Western African SIDS.....	24
Figure 3.6 Liner Shipping Connectivity Index for selected Caribbean SIDS (2004–2014).....	25
Figure 3.7 Liner Shipping Connectivity Index for selected Indian Ocean SIDS (2004–2014).....	26
Figure 3.8 Liner Shipping Connectivity Index for selected Pacific Ocean SIDS (2004–2014).....	26
Figure 3.9 Caribbean transshipment triangle.....	34
Figure 3.10 Pacific hub ports.....	37
Figure 3.11 Expenditures on international transport as a percentage of the value of imports (average 2004–2013).....	40
Figure 3.12 Comparing SIDS' freight costs as per cent of the value of imports (1989–2013).....	41
Figure 3.13 Relationship between draft and TEU capacity.....	42
Figure 3.14 Relationship between length and TEU capacity.....	43
Figure 4.1 Potential impacts of wind and water on transport infrastructure.....	60
Figure 4.2 Potential impacts of temperature and drought on transport infrastructure.....	60
Figure 4.3 Potential impacts of tectonic movements on transport infrastructure.....	61

TABLES

ACKNOWLEDGMENTS

This report was prepared by a lead consultant, Mr. John Moon, under the supervision of Mr. Jose María Rubiato, Head, Trade Logistics Branch (TLB) and the guidance of Ms. Anne Miroux, Director, Division on Technology and Logistics (DTL). Substantive contributions by TLB staff members, including Mr. Jan Hoffmann, Ms. Frida Youssef and Ms. Hassiba Benamara have been incorporated into the report together with other relevant input received from Ms. Deepali Ann Fernandes (consultant) and Mr. Pablo Achurra (intern).

The report was copy-edited by Ms. Vivien Stone and formatted by Mr. Julian Fraga-Campos and Ms. Arantazu Sanchez.

A special thanks is extended to H.E. Ambassador Marion V. Williams, Permanent Mission of Barbados to the United Nations Office for her able Chairmanship of the UNCTAD Ad Hoc Expert Meeting on "Addressing the Transport and Trade-related Challenges of the Small Island Developing States: Samoa Conference and Beyond" held on 11 July 2014 in Geneva. The useful guidance and suggestions for the recommended way forward provided by experts at the Ad Hoc Expert Meeting are gratefully acknowledged.
