UNCTAD/DIAE/PCB/2009/7

PREFACE

The Blue Book of Nigeria comprises measures that can be implemented over a period of 12 to 18 months and that are intended to move the country towards best practice in investment promotion and facilitation. To date, Blue Books have been implemented by the Governments of Cambodia, Ghana, Kenya, the Lao People's Democratic Republic, the United Republic of Tanzania, Uganda and Zambia.

The project was carried out by UNCTAD in partnership with the Japan Bank for International Cooperation (JBIC), the international arm of the Japan Finance Corporation (JFC). The contents of this Blue Book were initially developed through consultations with relevant government bodies, existing foreign investors in Nigeria and private sector associations. An initial draft of the Blue Book was discussed by a group of investors and government representatives at a stakeholder workshop on 26 March 2009 in Abuja. The workshop was jointly hosted by UNCTAD, JBIC and the Nigerian Investment Promotion Commission.

The Blue Book was produced by Lena Chia and Ian Richards. JBIC Africa Office provided support and feedback. Teresa Hinze provided production support. Within Nigeria, support was given by Joseph Akinwumi and Alfred Okeke.
