# Acknowledgments

This toolkit was authored by Daniel Grafton and Roy Small of the United Nations Development Programme (UNDP), under the guidance of Dudley Tarlton and Douglas Webb of UNDP. The toolkit benefitted enormously from inputs and contributions of: Vera da Costa e Silva, Andrew Black, Rodrigo Santos Feijo, Guangyuan Liu and Maria Carmen Audera-Lopez of the Secretariat of the World Health Organization Framework Convention on Tobacco Control (Convention Secretariat, WHO FCTC); Natalia Linou, and Irakli Kotetishvili of UNDP; Jeffrey Drope and Jacqui Drope of the American Cancer Society; Alison Cox and Laura Hucks of Cancer Research UK; and Thomas McInerney of Loyola University Chicago School of Law. UNDP is also grateful to Zsuzsanna Schreck for her design work. The toolkit was informed by country experiences, and feedback from Parties featured in its development. It was conceived and commissioned by the Convention Secretariat and the HIV, Health and Development Group of UNDP.

The toolkit was published with the generous funding of the Government of the United Kingdom of Great Britain and Northern Ireland, represented by its Department of Health, as part of a five-year project, 'Strengthening tobacco control by supporting implementation of the WHO Framework Convention on Tobacco Control in low- and middle-income countries.'
