Charting a New Low-Carbon Route to Development

A Primer on Integrated Climate Change Planning for Regional Governments

A publication undertaken at the initiative of Christophe Nuttall and Yannick Glemarec under the Territorial Approach Programme, and as a contribution to the implementation of UNDP's Climate Change Strategy. For further information on the UNDP Climate Change Strategy, please contact Veerle Vandeweerd, Director, Environment and Energy Group, UNDP.

Prepared under the direction of
Yannick Glemarec
