## **CALL FOR CIVIL SOCIETY PARTICIPATION**

The United Nations Economic and Social Commission for Asia and the Pacific (ESCAP) is convening the Asia-Pacific Forum on Sustainable Development (APFSD) 2017 in Bangkok on **29 - 31 March, 2017**.

This is the fourth year of the APFSD. Each year, it is organized as an inclusive inter-governmental forum in line with UN resolutions. Civil society organisations (CSOs) are invited to contribute to the regional development agenda and make recommendations.

Since its inaugural session in 2014, the APFSD has brought governments, civil society, the private sector and other stakeholders together in preparing for the High-level political forum on sustainable development (HLPF). This year, the HLPF will be organized from 10 to 19 July 2017 at United Nations Headquarters, New York, to be held under the auspices of the Economic and Social Council.

The hard work by CSOs in this region has boosted the quality of dialogue at the APFSD, the HLPF and other global forums and strengthened civil society organizations on the 2030 Agenda across the globe.

CSOs are invited to apply to engage in these processes through the following events:

The Asia-Pacific Civil Society Forum on Sustainable Development 2017 will be a forum for civil society organisations to work together and consolidate their position and recommendations for a regional sustainable development agenda. Asia-Pacific CSOs from different sectors and countries will explore common ground and actions, develop common messages and coordinate strategies for more effective participation in the national, regional and global intergovernmental processes on sustainable development.

The CSO Forum invites applications from nationally registered civil society organizations to work with others to:

1. Inform and build capacity of civil society participants on sustainable development at the national, regional and global levels, and on the opportunities and modalities for engaging these processes;
2. Discuss the structure and content of the APFSD with its theme “Eradicating poverty and promoting prosperity in a changing Asia and Pacific” and the 3<sup>rd</sup> session of the United Nations Environment Assembly (UNEA-3) with its theme “Pollution Free Planet”, formulate joint positions, as well as strategize interventions at the APFSD;
3. Share and exchange views on critical issues faced by the various constituencies and discuss alignments and areas of partnership/cooperation;
4. Reflect on the work of Asia Pacific Regional CSO Engagement Mechanism in 2015-2017; and
