

## **Statement by Brazil on the proposed themes for the 2017 UN Environment Assembly**

In response to the letter from the President of UNEA, and as already indicated during the subcommittee meeting held on 17 November, Brazil favors a theme for UNEA-3 focused on pollution. We would like, however, to avoid the proposed formulation of "Pollution Free Planet: Delivering a deal to detoxify the world". Brazil suggests framing the theme in the following manner: "It's time to clean our planet: reversing the curve on pollution".

Cordially,
