 FOREWORD	 10
 EXECUTIVE SUMMARY	 12
Methodological approach and sources	12
Drivers of environmental change in the occupied Palestinian territory	13
State of the environment: key findings	14
Data gaps	15
Recommendations	16
 INTRODUCTION TO THE REPORT	 19
Anticipated results	20
 CHAPTER 1: CONTEXT	 21
1.1 Geographical scope and context of the report	21
1.2 Environmental governance context	22
Bibliography	26
 CHAPTER 2: GEOGRAPHY	 28
2.1 Landforms and topography	28
2.2 The climate	29
2.3 Soil	30
2.4 Biographical and phytogeographical regions	32
Biographical regions	32
Phytogeographical regions	32
2.5 Agroecological zones	33
Bibliography	35
 CHAPTER 3: DEMOGRAPHY	 36
3.1 Palestinian population	36
3.2 Israeli settler population	37
Bibliography	38
 CHAPTER 4: SOCIOECONOMIC ASPECTS	 39
4.1 Structure of the economy	39
4.2 Economy, unemployment and poverty	41
4.3 Economy, environment and potential for green growth	42
Bibliography	44
 CHAPTER 5: DRIVERS AFFECTING THE STATE OF THE ENVIRONMENT	 45
5.1 The concept of drivers affecting the state of the environment	45
5.2 Climate change and underlying environmental conditions	45
5.3 Socioeconomic drivers	46
5.4 Environmental governance constraints	46
5.5 Conclusion	47
Bibliography	48

	CHAPTER 6: STATE OF TERRESTRIAL AND MARINE ECOSYSTEMS AND BIODIVERSITY	49
6.1	Introduction	49
6.2	Ecosystems status and trends	49
	Ecosystem diversity	49
	Species diversity	53
	Species abundance	54
	Red list species	54
	Agrobiodiversity	54
	Soil biodiversity	55
	Ecosystem goods and services	55
6.3	Pressures and impacts	56
6.4	Responses	57
	Protected areas	57
	Conservation and management of wildlife	58
	Institutional arrangements for the conservation of biodiversity	58
	Policies and legislation	59
	International targets and agreements	59
	Transboundary wildlife and biodiversity management	59
6.5	Conclusion and suggested actions	60
	Bibliography	62
	CHAPTER 7: WATER RESOURCES MANAGEMENT	64
7.1	Introduction	64
7.2	Status and trends	64
	Hydrological basins and surface water resources	64
	Groundwater (aquifers)	65
	Water production and supply	65
	Renewable water resources	66
	Allocation of water	66
	Water supply and domestic demand (current and projected)	68
	Domestic and municipal use	68
	Agricultural use (including livestock)	70
	Wastewater and sewage treatment, industrial use	70
7.3	Pressures and impacts	72
	Impacts on people and the environment	73
	Surface water resources: quantity and quality	73
	Groundwater resources: quantity and quality	74
	Human health	77
	Domestic sector	78
	Economy	78
7.4	Responses	78
	Existing institutional framework for the water sector	78
	Existing legal framework for the water sector	80
	The Joint Water Committee and Israeli-Palestinian cooperation	80
	International Cooperation	81
	Water and the Sustainable Development Goals	82
7.5	Conclusion and suggested actions	82
	Bibliography	84

	CHAPTER 8: AIR QUALITY AND CLIMATE CHANGE	87
8.1	Introduction	87
8.2	Status and trends of ambient air	87
	Industrial emissions	88
	Emissions due to transport	88
8.3	Health impacts	89
8.4	Responses for improved air quality control	89
8.5	Climate change in the occupied Palestinian territory	90
	Past trends in temperature and rainfall	90
	Temperature and rainfall projections	90
	Greenhouse gas emission trends	93
	Indirect greenhouse gases and fluorinated gases	93
8.6	Vulnerability to climate change impacts	93
	Agriculture and food	93
	Water	95
	Energy	96
	Salinity of coastal aquifer and coastal erosion in Gaza	96
8.7	Adaptation	96
8.8	Mitigation	102
	Financial, technology transfer and capacity-building needs	103
8.9	Institutional arrangements, legal and regulatory framework for addressing climate change	104
8.10.	Conclusion and suggested actions	104
	Bibliography	106
	CHAPTER 9: THE URBAN ENVIRONMENT	
9.1	Status and trends of urbanization and demographics	108
	Cities, towns and villages	108
	Urban growth and urbanization rates	109
	Refugees	110
	Infrastructure	110
	Transportation	110
	Energy network	110
	Water supply network	111
	Sewage network	111
	Solid waste collection and treatment	111
	Housing	112
	Green and other community spaces	113
9.2	Pressures and impacts	113
	An ageing and limited Infrastructure	113
	Other impacts of conflict/occupation for urban areas	116
9.4	Responses	117
	Institutional framework for the urban environment	117
	Policy measures and land use planning	118
	Policy measures related to service utilities	118
	International cooperation, the New Urban Agenda and Sustainable Development Goals	120
9.5	Conclusion and suggested actions	120
	Urban development (city planning)	120
	Housing shortage	121
	Urban development (infrastructure)	121
	Solid waste management, including transboundary waste	121
	Monitoring urban progress	121
	Bibliography	122

	CHAPTER 10: LAND DEGRADATION AND SOIL CONTAMINATION	125
10.1	Introduction	125
10.2	Status and trends of land degradation	125
	Land cover and land-use change	125
	Land productivity	127
	Carbon stock	127
	Pressure and impacts on land and soil	128
	Soil erosion	129
	Surface soil sealing	129
	Soil contamination	130
	Soil salinization	130
	The decline of soil fertility	131
10.3	Responses	132
	Policies and legislation	132
	Institutional arrangements	132
	Programmes and actions for the conservation of land and soils	132
10.4	Conclusion and suggested actions	133
	Bibliography	134
	CHAPTER 11: DISASTER RISK REDUCTION	136
11.1	Introduction	136
11.2	Status and trends of hazards	136
11.3	Vulnerability factors	138
11.4	Impacts	139
11.5	Response	140
	Disaster coordination nodes: disaster response groups	141
11.6	Conclusion and suggested actions	142
	Bibliography	143
	CHAPTER 12: INSTITUTIONS	145
12.1	Introduction	145
12.2	Legal obligations of the occupying power	145
12.3	Environmental governance arrangements established before and during the Oslo process	145
12.4	Joint Israeli-Palestinian processes for environmental management	147
12.5	Israeli laws, policies and institutions for the management of the environment within the occupied Palestinian territory	147
12.6	Palestinian laws, policies and institutions relating to the environment	149
	The Environment Quality Authority	149
	Palestinian laws relating to the environment	149
	National Policy Agenda and Cross-Sectoral Environmental Strategy
