

Scope of Session 4

Session 4: Taking Action on Implementing Waste Management Partnership Area's Future Projects

What are the effective tools, schemes, source of funds to implement future projects of this partnership area?

Discussion on Wish List

◆ Background

- Each Partnership was requested to develop a Wish List (list of future projects) by UNEP Chemicals.
- Based on the each Partnership's wish list, UNEP Chemicals may provide funds according to priorities when funds are available.
- In 2012, Waste Management Partnership gathered information on prospective projects from its Partners.
- There are six projects listed (see Handout # S4-2) and a scoring sheet has been proposed.

- ◆ We need to decide how to prioritize the projects.

Discussion on Wish List

Major topics for discussion 【S4-2】

- ◆ What **criteria** could be used for prioritizing the proposed projects?
- ◆ How could we proceed on development of the Wish List in terms of **schedule and specific works**?

ation on Funds and Schemes

contribution to the sound mercury
ment in developing countries
