UN Environment  
promotes environmentally  
sound practices globally and in its own  
activities. This report is printed on paper from  
sustainable forests including recycled fibre. The  
paper is chlorine free, and the inks vegetable-  
based. Our distribution policy aims to reduce  
UN Environments carbon footprint

# African Elephant Fund: Transforming Strategies into Action

“ Elephants are vital to our ecosystem. Yet the population of elephants is steadily dwindling, by almost 8 per cent every year. We must step up efforts to manage and protect our biodiversity, including the African elephant. ”

Erik Solheim  
Head

United Nations Environment Programme
