Geneva, Switzerland.

RE: JOINING UNEP GLOBAL MERCURY PARTNERSHIP

Please, refer to the above-mentioned heading.

Due to various mercury poisoning catastrophes like the one of Minomata city, where 1,784 (as of 2001) people died; and the one of Iraq, where an estimated 10,000 people died and other 100,000 severely and permanently brain damaged, it enforces individuals, governments agencies, NGOs, etc. to join efforts and resources together in order to protect human health and global environment from the release of mercury and its compounds by minimizing or eliminating global anthropogenic mercury releases to air, water and land.

To this end, we believe that becoming a member to mercury partnership will open a door to putting our resources and expertise together and networking with other organizations, NGOs, government agencies or individuals to cost effectively address mercury poisoning worldwide.

We look forward to working together and we thank you for your kind cooperation.

Sincerely,

A blue ink signature of W. Jirabi.

W. Jirabi
For: **PERMANENT SECRETARY**

UNEP GLOBAL MERCURY PARTNERSHIP REGISTRATION FORM *

Partnership Area	Please check partnership areas that your organization intends to contribute to: ☐ artisanal and small scale gold miningV ☐ mercury cell chlor alkali production ☐ mercury air transport and fate researchV ☐ mercury in products ☐ mercury releases from coal combustionV ☐ mercury waste managementV Please indicate in your support letter how your organization intends to contribute to each of the indicated partnership areas.
