## Sustainability Standards in the Vietnamese Aquaculture Sector

# Acknowledgements

This report was commissioned by the United Nations Environment Programme's (UNEP) Trade, Policy and Planning Unit of the Economy and Trade Branch (ETB), Division of Technology, Industry and Economics (DTIE). It is a key output of the trade unit's work under the Green Economy and Trade Opportunities Project (GE-TOP).

The preparation of this report was managed jointly by UNEP, and the Ministry of Industry and Trade (MOIT) of Viet Nam, with the involvement of the Ministry of Agriculture and Rural Development (MARD), the Ministry of Natural Resources and Environment (MONRE) and IDH Sustainable Trade Initiative. This study was undertaken by Nguyen Huong Tra, Nguyen Thanh Tung, Phung Giang Hai and Nhu Van Can.

From UNEP, the effort was led by Anja von Moltke, Head of the Trade, Policy and Planning Unit. Substantive contributions were provided by Liesbeth Casier, Katharina Schmidt, Lennart Kuntze and Benjamin Smith. Nicolás Cisneros managed the finalization and publication of the report. Simon Lobach edited and proofread the text, Laurence Duchemin prepared the layout, Désirée Leon assisted in the publication process, and Andrea Bassi was involved in the design of the model underlying this study. Stefanos Fotiou, Senior Regional Coordinator on Resource Efficiency for the Regional Office for Asia and the Pacific, also contributed to the project and the report.

From MOIT, the work was led by Vu Lien Huong, Head of General Affairs and Other Multilateral Organizations, Multilateral Trade Policy Department and overseen by Pham Quynh Mai, Deputy Director General of the Multilateral Trade Policy Department.

The study was developed through an inclusive stakeholder process and included a peer-review by the following organizations: MOIT (Trade Research Institute, Department of Import-Export, Europe Department, North America Department, Asia-Pacific Department, Africa and South-West Asia Department), MARD (Directorate of Fisheries, National Agro-Forestry-Fisheries Quality Assurance Department, Institute of Policy and Strategy for Agriculture and Rural Development), MONRE, The Ministry of Planning and Investment, The Ministry of Finance, Ministry of Science and Technology (The Directorate for Standards, Metrology and Quality), The Fisheries Center at Can Tho University and The Vietnam Association of Seafood Exporters and Producers (VASEP). Special thanks are also due to the shrimp and pangasius farms and processors that responded to the survey for this study.

Special thanks are due to those who contributed to the project, including Dr. Flavio Corsin, Country Director of IDH Vietnam; Mr. Nhu Van Can, Vice Director of the Aquaculture Department, Directorate of Fisheries at the Ministry of Agriculture and Rural Development; Nguyen Thanh Phuong, Associate Professor of Aquaculture and Vice-Rector at Can Tho University; Tran Minh Ha from the Ministry of Natural Resources and Environment; and Dr. Nguyen Manh Hai, Head in Charge of the Research Department for Public Service Policies at the Central Institute for Economic Management (CIEM).

UNEP and the authors would like to thank the European Commission for the financial support provided for this publication and the Green Economy and Trade Opportunities Project.

Any errors or omissions are the sole responsibility of the authors.
