Import and Export Trade of Agri-products in China

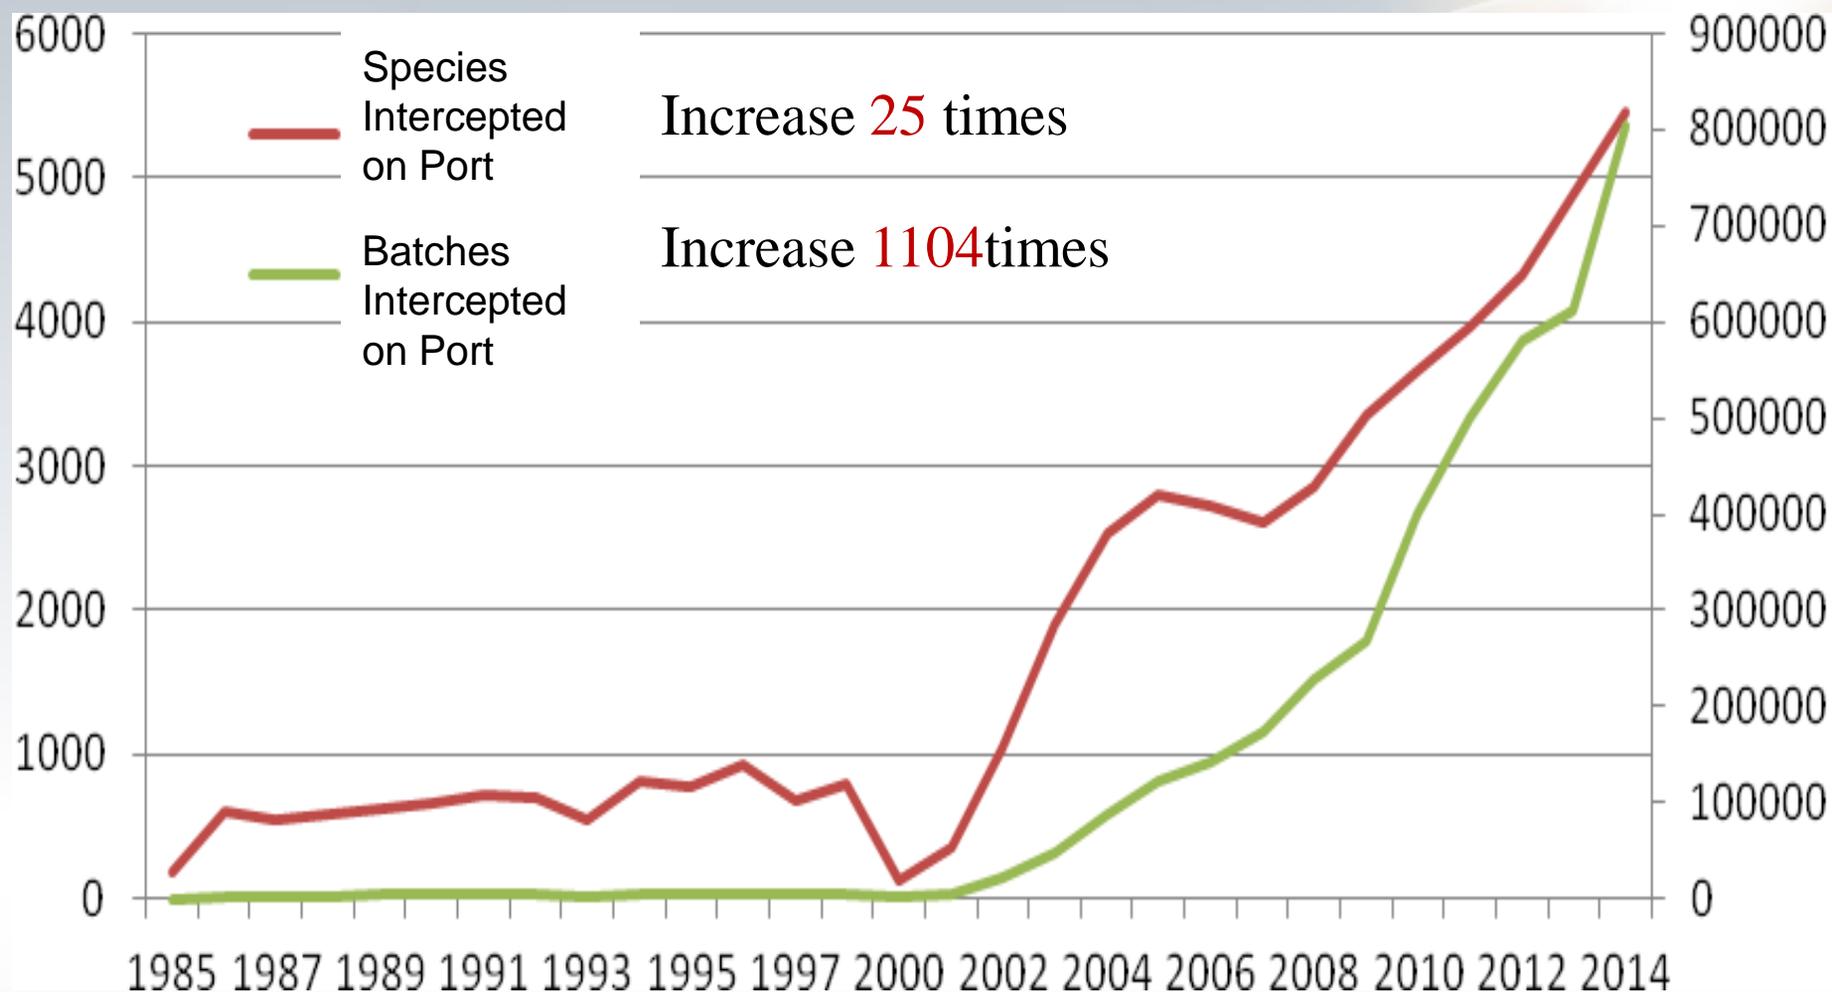

In 2013 China's import of goods ranked first in the world. The entry and exit of people amounts to 450 millions.

Economic loss is over 200 billion RMB annually due to exotic organism invasion.

Pests from 235 countries worldwide Intercepted

During the period there were no significant issues regarding the quality & safety of imported foods. However, with its trade value sharply increase, the unqualified number of batches founded showed the trend of steady increase, witch amounting to 12,828 batches or 68,000 tons valued 150 million USD.

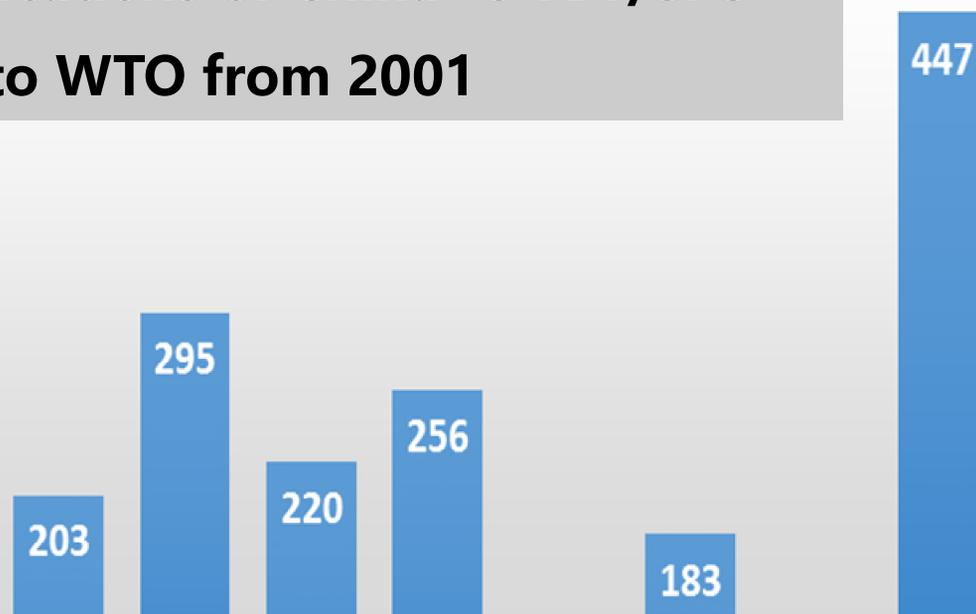

Unqualified number of batches founded during the 12th- five year program period

Performance of transparency obligations

The Number of Notifications of China's TBT/SPS measures to WTO from 2001
