

Implementation of the 2030 Agenda For Sustainable Development in Asia and Pacific Countries

Meeting ESCAP 30/11/2016

Key points for making change

- ***Focusing on People***, people as subject, building active citizen
- ***City-wide slum upgrading and housing development***, building communities, strong neighbourhood and area based development
- ***Participatory city development***
- ***Participatory Urban Governance***
- ***Develop new creative finance system*** for social and participatory development

Refocusing on People as key development actors

People are able and ready to make changes for themselves and for the cities with governments

comprehensive site planning

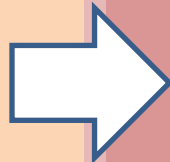

PanThakhin women saving group Ale yaw ward, Hlaing Tar Yar Township, Yangon

Women for the world + ACGC [architecture engineering construction and general service co-operative limited]

The need to solve urban poverty and growing disparity at scale, city-wide and nation-wide

Let the poor in big scale themselves become active actors to the joint developed solutions from where live

City-Wide Slum Upgrading and Housing Development, a way to solve urban poverty city-wide and comprehensive

- **The Society and the World Have changed**, it is more a rapid open world
- **The Poor are becoming knowledgable and active** to change their poverty situation
- **Government top-down system are too complex and too slow** to address
- ***The need to develop new ways and direct financial tools*** so poor communities can easily reach and initiate to solve their poverty in large scale by themselves

City-Wide Slum Upgrading and Housing Development

Survey all urban poor settlements in the city,

It is the way to target and register all the poor in the city

Let the urban poor city-wide be active actors to involve, organize, network and to work with government as a team,

Change or upgrade all urban poor communities into proper settlements and strong communities with secure and healthy housing, economic and social dev.

Develop new financial system and community development fund to support urban poor initiatives

City-wide community survey and household survey

By community network and the City leading to formulation of joint information of all urban poor communities

**Communities survey
all communities
in the city**

City-wide small upgrading activities by community people
