

SUSTAINABLE
DEVELOPMENT **GOALS**
17 GOALS TO TRANSFORM OUR WORLD

ALMATY TRAM DEPOT

Turning the former into a sustainable space

Introducing the city of Almaty

«Almaty-2020» City Development Program

VISION:

The modern city of an international level, comfortable for life and work of the residents, a center of attraction for tourists, traffic flows, business innovation and capital.

5 PRINCIPLES OF THE IMPLEMENTATION OF THE PROGRAM:

- Taking care of everyone
- Adoption of effective economic solutions based on best practices
- Stimulation of business as the driver of economy
- Maximum involvement of the civil society
- Accountability and transparency of local authorities

11 SDGs correlates with 7 KEY PRIORITIES of Development Program:

Comfortable
city

Safe
city

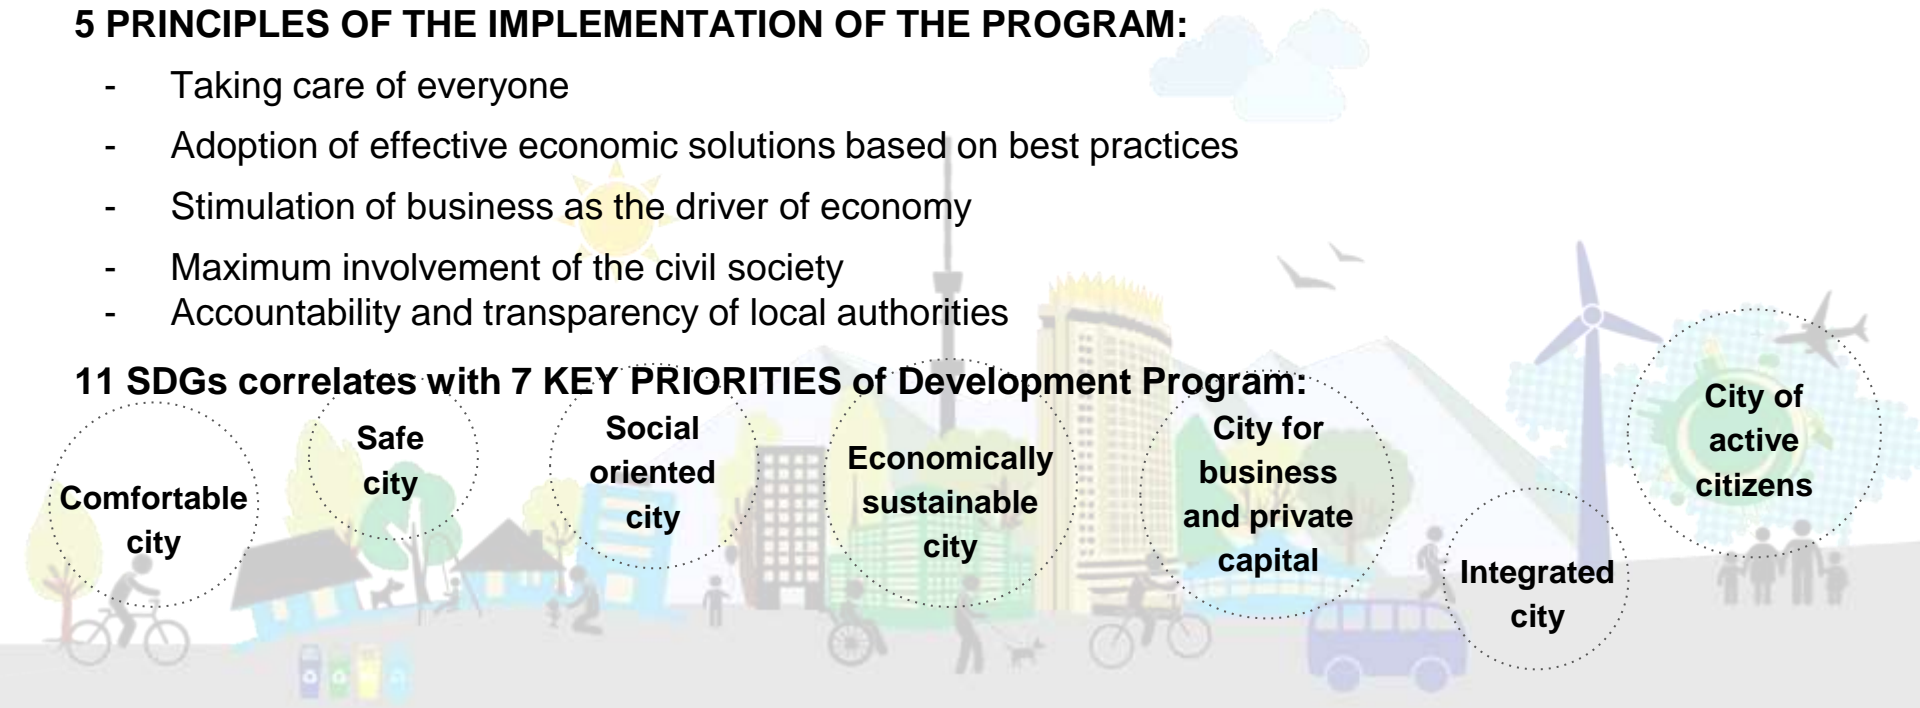

Social
oriented
city

Economically
sustainable
city

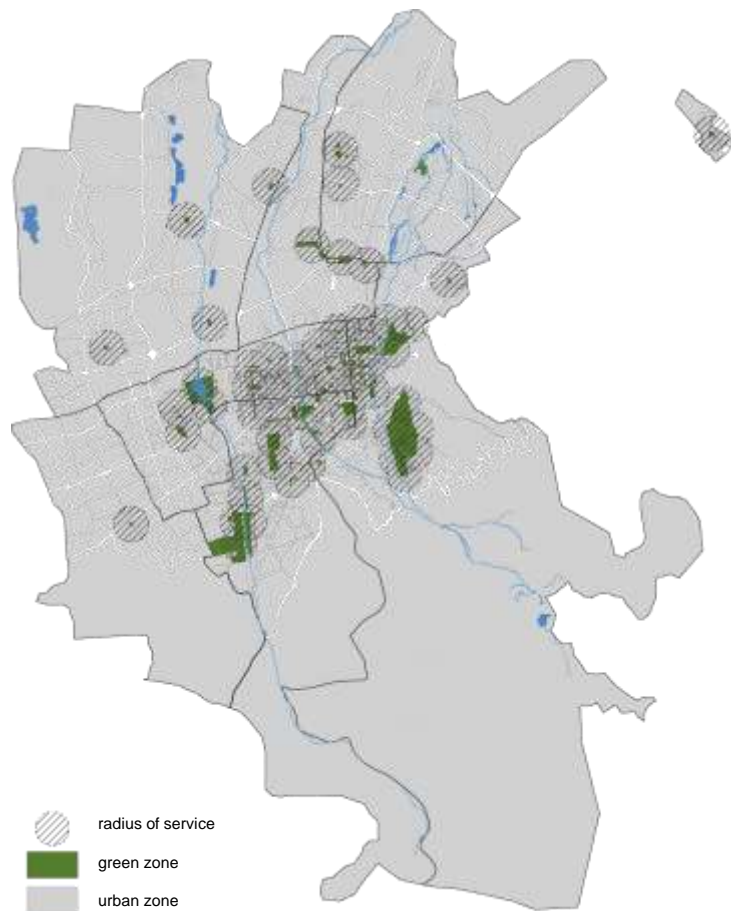

City for
business
and private
capital

Integrated
city

City of
active
citizens

Comfortable city

Tram Depot

ALMATY TRAM SYSTEM - historical and cultural value for the city and its citizens.

- 
- 1937** ● December 1 - the first ride of historical Almaty tram.
In 15 days the first tram line transported more than 300 thousand passengers.
- 1990** ● Volumes began to decline and on many streets tram lines were gradually dismantled. Only 2 tram lines were operating for the whole city connecting east-west and south-north.
- 2012** ● Almaty Tram Cafe - the city's new identity.
- 2015** ● After several accidents involving old trams the city administration decided to stop their work.
- Currently, a new project of Almaty LRT with its own depot is being considered. Meanwhile, **the old depot has been closed.**

Basic principles

Improvement of space and the construction of the park with the obligatory use of:

new
technologies

modern design

cost-efficient
project

the green
economy

environmentally
friendly materials

project
sustainability

A new format place to relax, work and leisure

navigation
system
