

# UNNExT Workshop on Implementation of e-SPS and Automation for Agriculture Trade Facilitation

1-3 November 2016  
Bangkok, Thailand

# Country Assessment for the ePhyto Solution

Workshop on implementation of e-SPS certification systems

1-3 November 2016

Bangkok, Thailand

Shane Sela, ePhyto Project Manager, IPPC Secretariat

# Overview of the presentation

Background

Strategy for implementing ePhyto in developing countries

The preparedness workshops

General outcomes from the workshops

Lessons learned

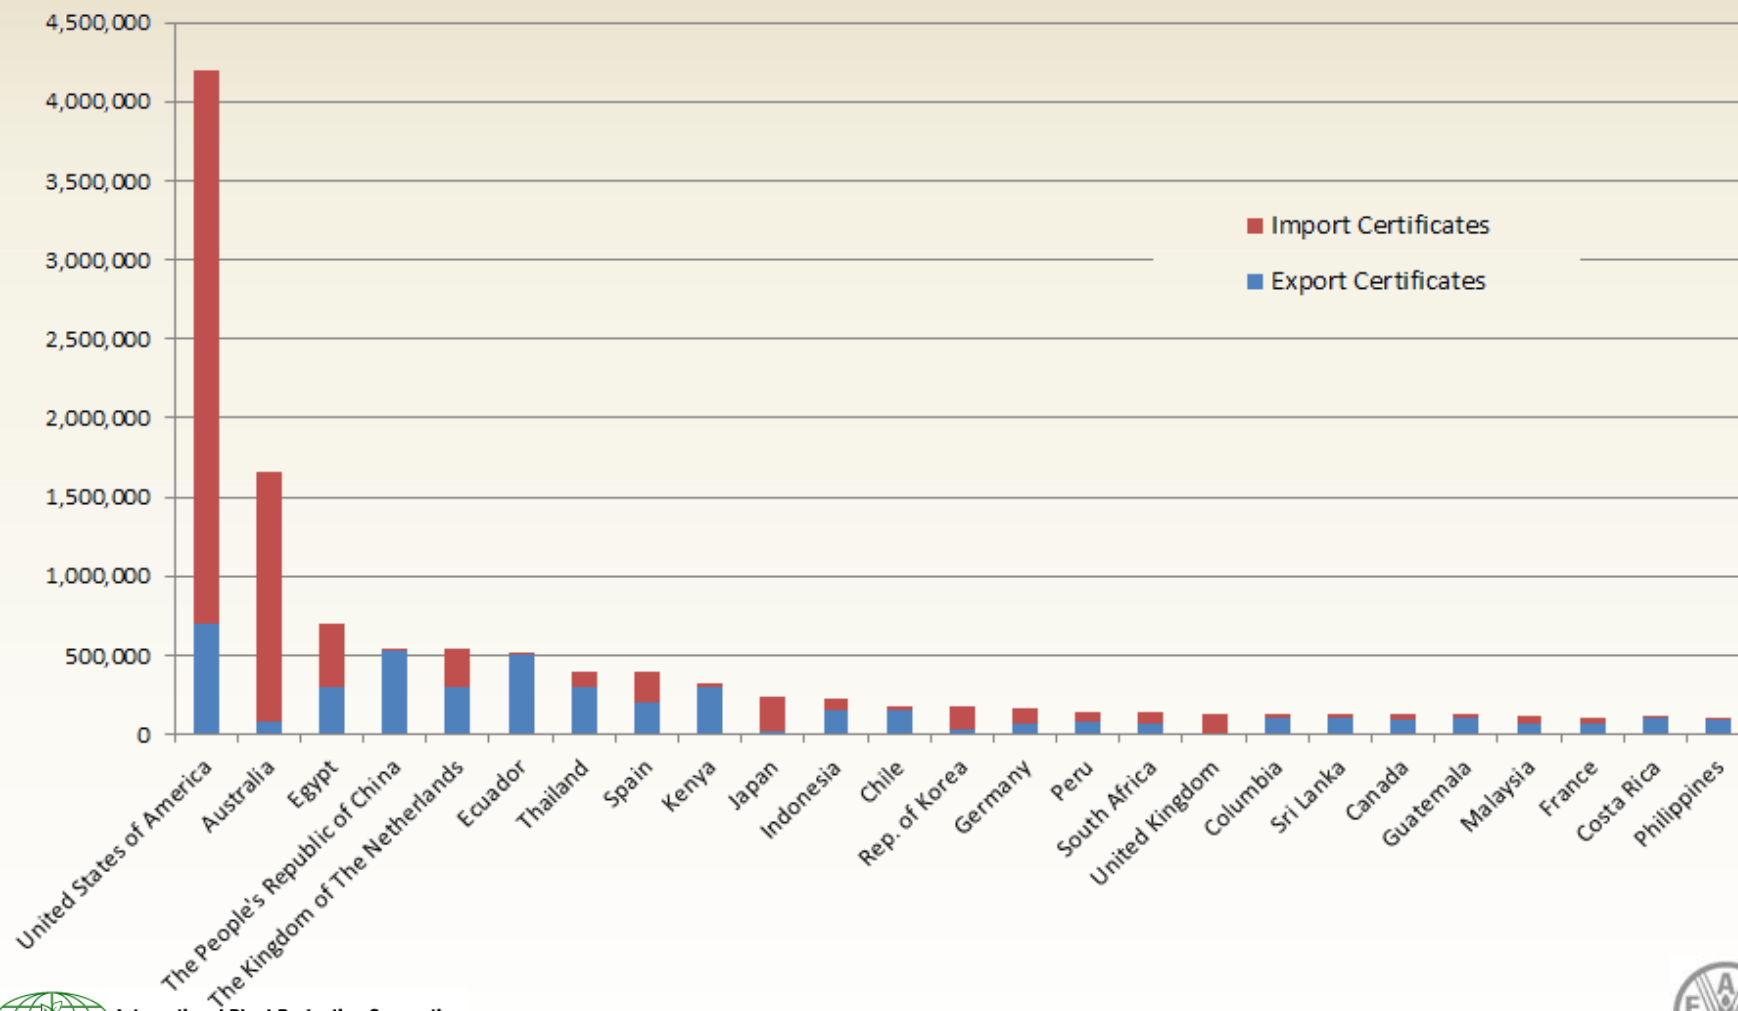

# Phytosanitary certificates in trade

- In December 2015, the ePhyto Steering Group undertook a survey of IPPC members to identify their readiness for ePhyto implementation
- 80 (of 182) member countries reported
  - 5 million certificates issued for export consignments
  - 7.5 million certificates received for imported consignments

# Examples of volumes of certificates

# Implementation of ePhyto

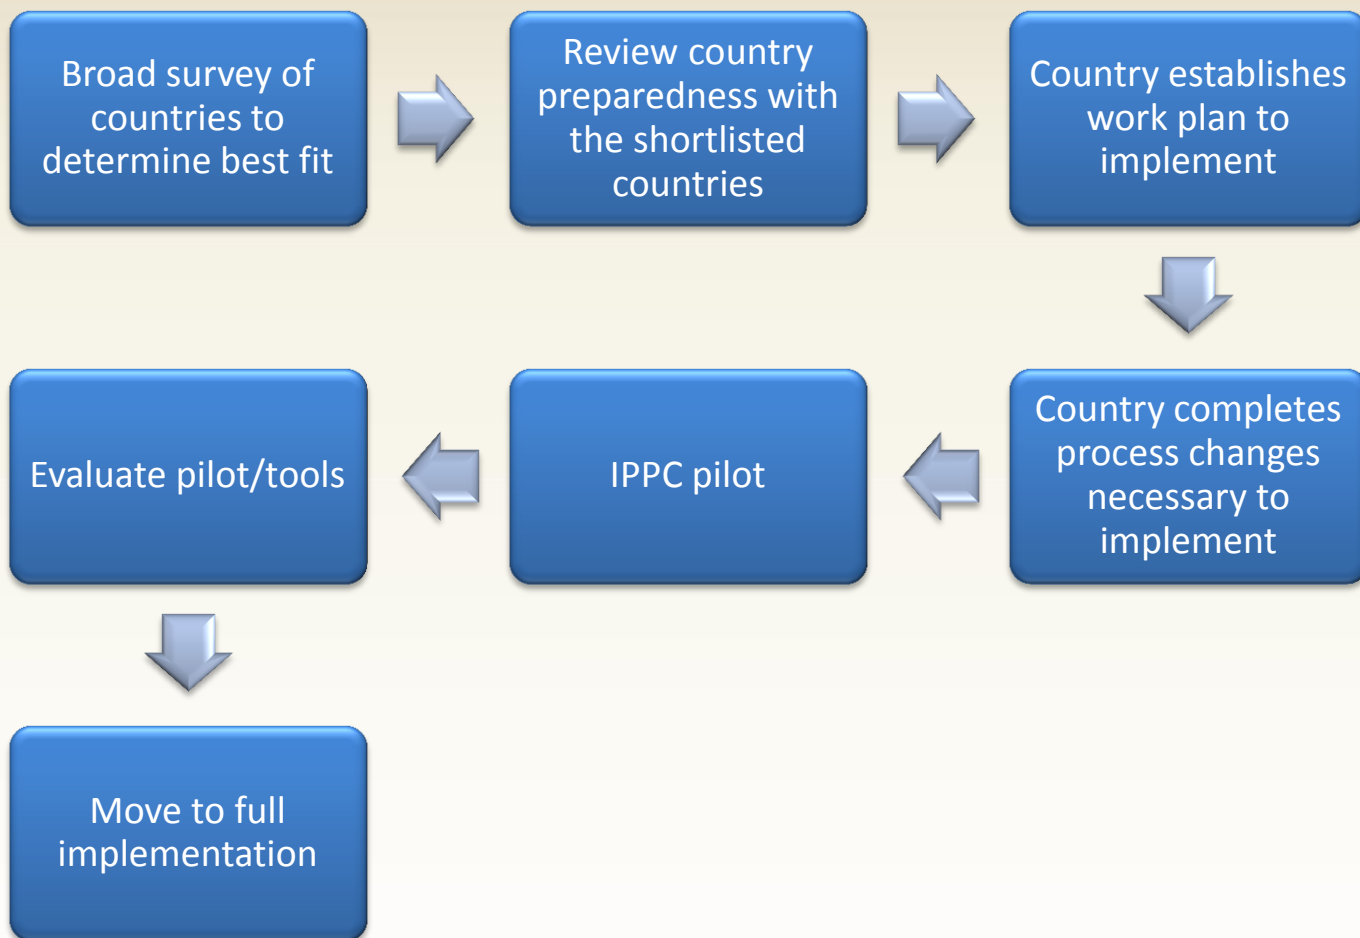

## Countries with national systems

- Have undertaken business process analyses (BPA) to implement their current systems
- Technical changes to connect to hub

## Countries without national systems

- Implementing the GeNS
- Have not undertaken BPA
- IPPC working with the ePhyto Steering Group to identify tools to assist with the BPA

# Implementing the pilot of ePhyto

# Getting to the pilot

- Preparedness survey completed in January 2016
- Self-assessment of
  - Trade volume
  - Technical capacity
  - Legislative and resource infrastructure
  - Management commitment
- 80 responses assessed by the ePhyto Steering Group
