

**Sharing Knowledge and Experiences
Towards Sustainable Ageing Societies in North-East Asia:
The 1st Meeting of the North-East Asian Forum on Population Ageing
Tentative Programme**

This inaugural meeting of the “North-East Asian Forum on Population Ageing” will take stock of the existing evidence base on ageing in the subregion, and examine gaps and identify new areas of research required. The importance of policy-oriented research will be highlighted as well as the need for policy to be based on evidence.

Meeting dates: 6 - 7 November 2015

Venue: United Nations University, Tokyo, Japan

Language: English, with simultaneous interpretation in Japanese

Audience: Up to 70 pre-registered persons

Session presenters: Session presenters will be primarily drawn from research institutions and academic associations working in the area of population ageing in China, Japan, Republic of Korea, Mongolia and Russian Federation. Civil society experts that are able to articulate and represent older persons’ needs on the ground will also be invited as appropriate.

Objectives: The objectives of the meeting are to share knowledge and experiences on key areas related to sustainable ageing societies, identify the gaps between older persons’ needs and the existing policies / programmes in North-East Asian countries, and identify new areas of research and policy cooperation.

Expected outcome: (1) Identified gaps between older persons’ needs and the existing policies/programmes, as well as the research gaps, and (2) identified agenda for ageing-related research to be fed into the regional MIPAA review process.

(On “MIPAA”, please see: <http://www.unescap.org/ageing-asia/about-mipaa>)

As of 1 November 2015
