

REGIONAL CONFERENCE ON STRATEGIES AND
TOOLS FOR INTEGRATING DISASTER RISK
REDUCTION INTO DEVELOPMENT PLANNING
AND FINANCING
16-18 FEBRUARY 2015

FIJI

Presentation Outline

- Why Climate Change and Disaster Resilience is a Priority
- Legislative/Policy Framework
- On-going initiatives
- Progress Made in Building Resilience in CCA and DRR
- Way Forward

Building Resilience to Climate Change and Disasters

Why is this a priority?

➤ Adverse impacts of Climate Change & Disaster necessitates the need for an appropriate policy-mix to build resilience and fulfill the broad aspirations of Fiji's development agenda.

Legislative/ Policy Framework

- Fiji is signatory to a number of international conventions :
 1. United Nations Framework Convention on Climate Change (UNFCCC) in 1992
 2. Hyogo Framework for Action 2005 -2015
 3. The Mauritius Strategy 2005-2015 and
 4. Barbados Plan of Action (1994)/SAMOA Pathway (SIDS)
