GOALS OF ATTRACTION

- Mongolia recognizes the importance of harnessing economic growth for sustainable and inclusive development. Mobilizing investment and ensuring that it contributes to sustainable development objectives is a priority for our country.

STRATEGY

Mongolian legal environment for sustainable development and inclusive growth

- Removal of the distinction between foreign and domestic private investors
- No restrictions on foreign investors in the countries' strategic sectors
- Open for investment in any industry or sector without limitation or government approval
- Foreign government ownership obtains approval from a State Administrative Body

STRATEGY

Investment Law of Mongolia provides:

- Protection of investors' interests and rights
- Tax stabilization
- Investment incentives
