Thailand's WB LPI score & rank

Thailand (LPI)	2007	2010	2012	2014
Score	3.31	3.29	3.18	3.43
Rank	31	35	38	35

Note:

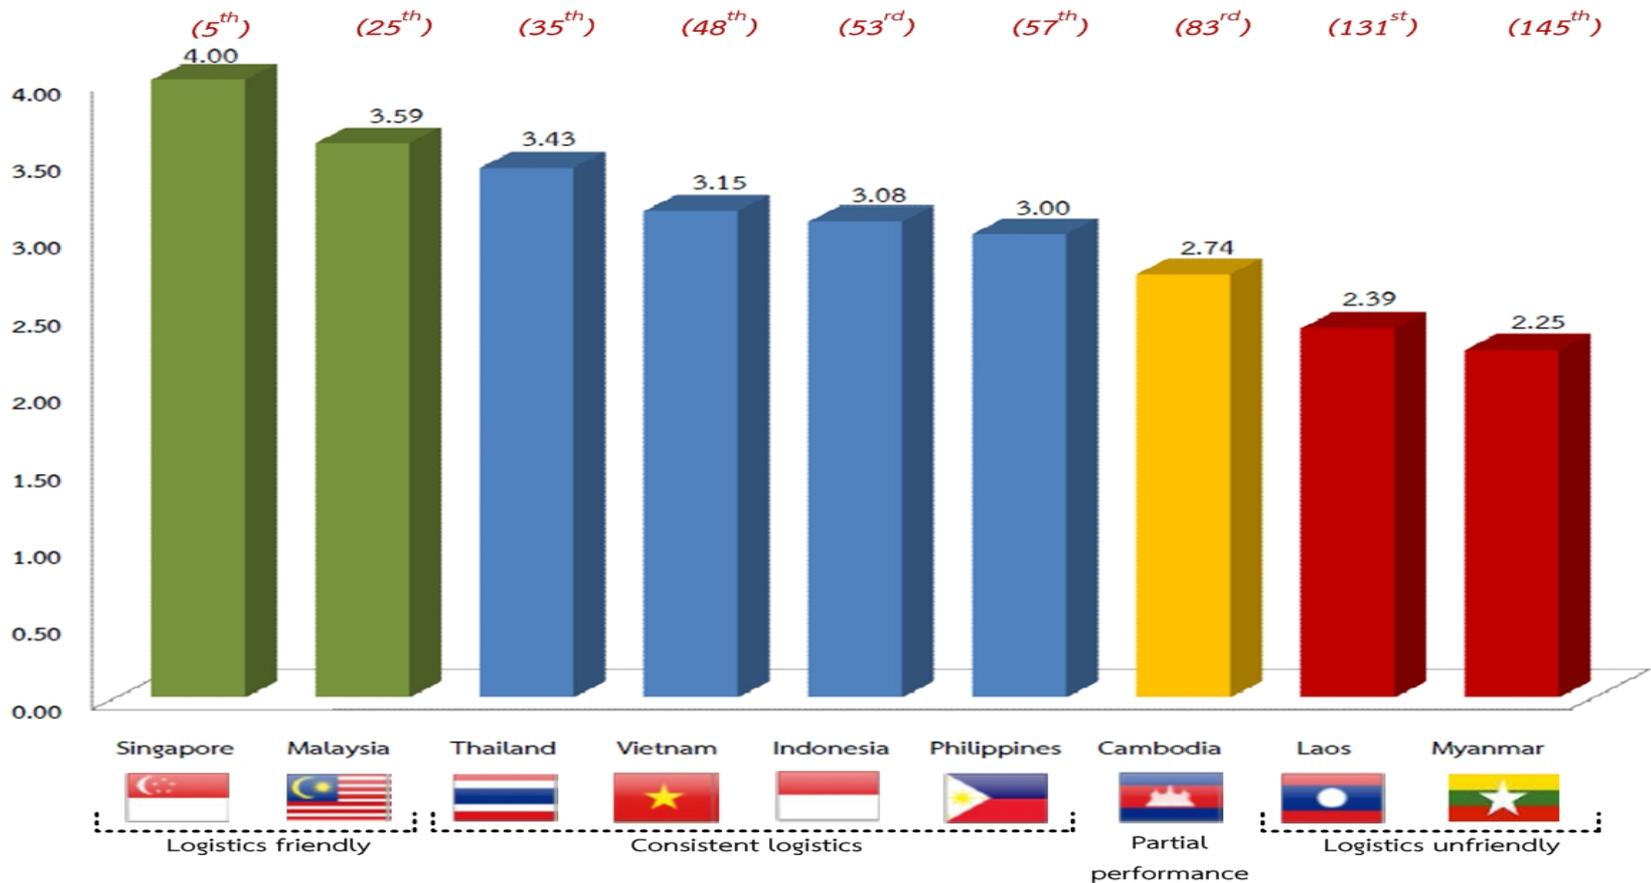

- Different time period so comparison not really adequate
- The 2011 floods also affected the perception of respondents on Thailand's logistics capability
- The 2013 protest in Thailand does not seem to have affected perception

Cumulative density

Source: WB LPI 2014

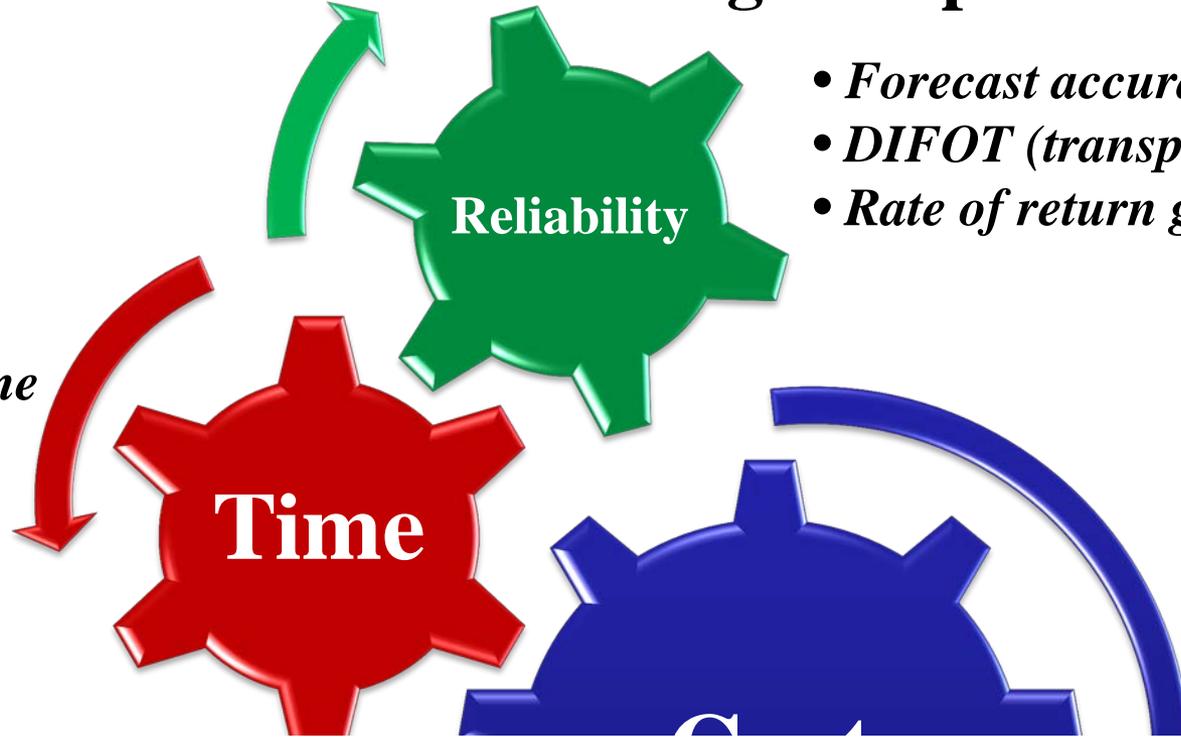

Typology	LPI Score	ASEAN countries
logistics friendly	3.50 - 5.00	Singapore Malaysia
consistent performers	2.95 - 3.49	Thailand Philippines Vietnam Indonesia
partial performers	2.40 - 2.94	Cambodia
logistics unfriendly	0.00 - 2.39	Laos Myanmar

Logistics Performance Measurement Framework in Thailand

9 key KPIs can reflect overall logistics performance

- *Order cycle time*
- *Delivery cycle time*
- *Inventory day*

- *Forecast accuracy rate*
- *DIFOT (transport)*
- *Rate of return goods*
