

"Trade and Investment for Tomorrow: Promoting Asia-Pacific Regional Integration"

ARTNeT RESEARCH WORKSHOP

10-12 December 2013

Macao, China

Supported by the Government of Macao, China

PROGRAMME

This research workshop focuses on the study and discussion of recent theoretical and empirical advances in trade, investment and integration. The goal of the workshop is to use the research findings to gain a better understanding of the contemporary problems and policy challenges faced by developing countries in Asia and the Pacific, in their efforts to create socially inclusive and environmentally sustainable growth opportunities and increase level of intraregional trade and integration. Attention will be given to the challenges of delivering of sustainable development goals in a context of open small developing economies especially seeking solutions through diversification of local and tradable activities in such economies.
