

The background of the slide is a dark blue field filled with numerous out-of-focus, glowing blue circles of varying sizes, creating a bokeh effect. Overlaid on this are faint, light blue lines that radiate from various points, suggesting a network or data flow. In the upper right portion, there is a semi-transparent dark blue rectangular box containing the text 'CONNECTIVITY IMPACTS ON PROSPERITY'. Below this, a larger semi-transparent dark blue rectangular box contains the main title 'TASIM/EURACA: A new platform for improving connectivity in Eurasia'.

CONNECTIVITY IMPACTS ON PROSPERITY

TASIM/EURACA: A new platform
for improving connectivity in Eurasia

TRANS-EURASIAN INFORMATION SUPER HIGHWAY

WHAT IS TASIM?

Trans-Eurasian Information Super Highway (TASIM) project is a major regional initiative aiming at creation of transnational fiber-optic backbone targeting primarily the countries of Eurasia from Western Europe to China

FRANKFURT

BAKU

HONG KONG

STRATEGIC OBJECTIVES

- IMPROVED REGIONAL AND GLOBAL CONNECTIVITY
- ROUTE DIVERSIFICATION
- IMPROVED DISASTER RESILIENCY
- BRIDGING DIGITAL DIVIDE AND CONTRIBUTION TO SDGS
- IMPORTANT FOR FINANCE AND ICT INDUSTRIES
- CONTRIBUTION TO REGIONAL INNOVATION AND MODERNIZATION

COMMERCIAL CONCEPT

Wholesale network, intended customers are telecom operators

Low latency, high reliability services for financial industry

Optimized for high capacity video distribution

TASIM INITIATIVE

During the Ministers' Summit held within the framework of the 14th Azerbaijan International Telecommunication and Information Technologies Exhibition and Conference **in November 2008**, the Ministry of Communications and Information Technology of Azerbaijan put forward the initiative to launch a project on building of the Trans-Eurasian Information Super Highway (**TASIM**)

POLITICAL SUPPORT

**A SPECIAL BAKU
DECLARATION TO CREATE
THE TRANSNATIONAL
EURASIAN INFORMATION
SUPER HIGHWAY WAS
ADOPTED ON NOVEMBER
11, 2008 IN BAKU**

**1st UN GA resolution of Dec 2009
(A/Res/64/186) on TASIM**

**2nd UN GA resolution of Dec 2012 (A/Res/67/194)
renewed support to the TASIM project. It also took
note of the proposal to establish the Eurasian
Connectivity Alliance (EuraCA)**

**3rd UN GA resolution of Sep 2013
(A/Res/67/298) emphasizes establishment
of the EuraCA**

What is EuraCA?

A Platform to:

- Promote policy dialogue
- Encourage regional partnerships and cooperation
- Raise awareness
- Facilitate experience and knowledge exchange

FIRST INTERNATIONAL WORKSHOP

In July 2011 in Gabale, Azerbaijan hosted The First International Workshop on TASIM, with the participation of leading telecom operators from **Azerbaijan, China, Kazakhstan, Russia, Turkey** and **European Union** (Pantel)

A Project Secretariat was established, and the operators agreed to work towards detailed MOU on establishment of TASIM Consortium

PLANNED CONSORTIUM
