# Background and Objectives of the Establishment

Environment-friendly national development

Pollution prevention,  
environment improvement  
& resource recirculation

Environment conservation  
& establishment of a  
circulatory resource  
managementsystem

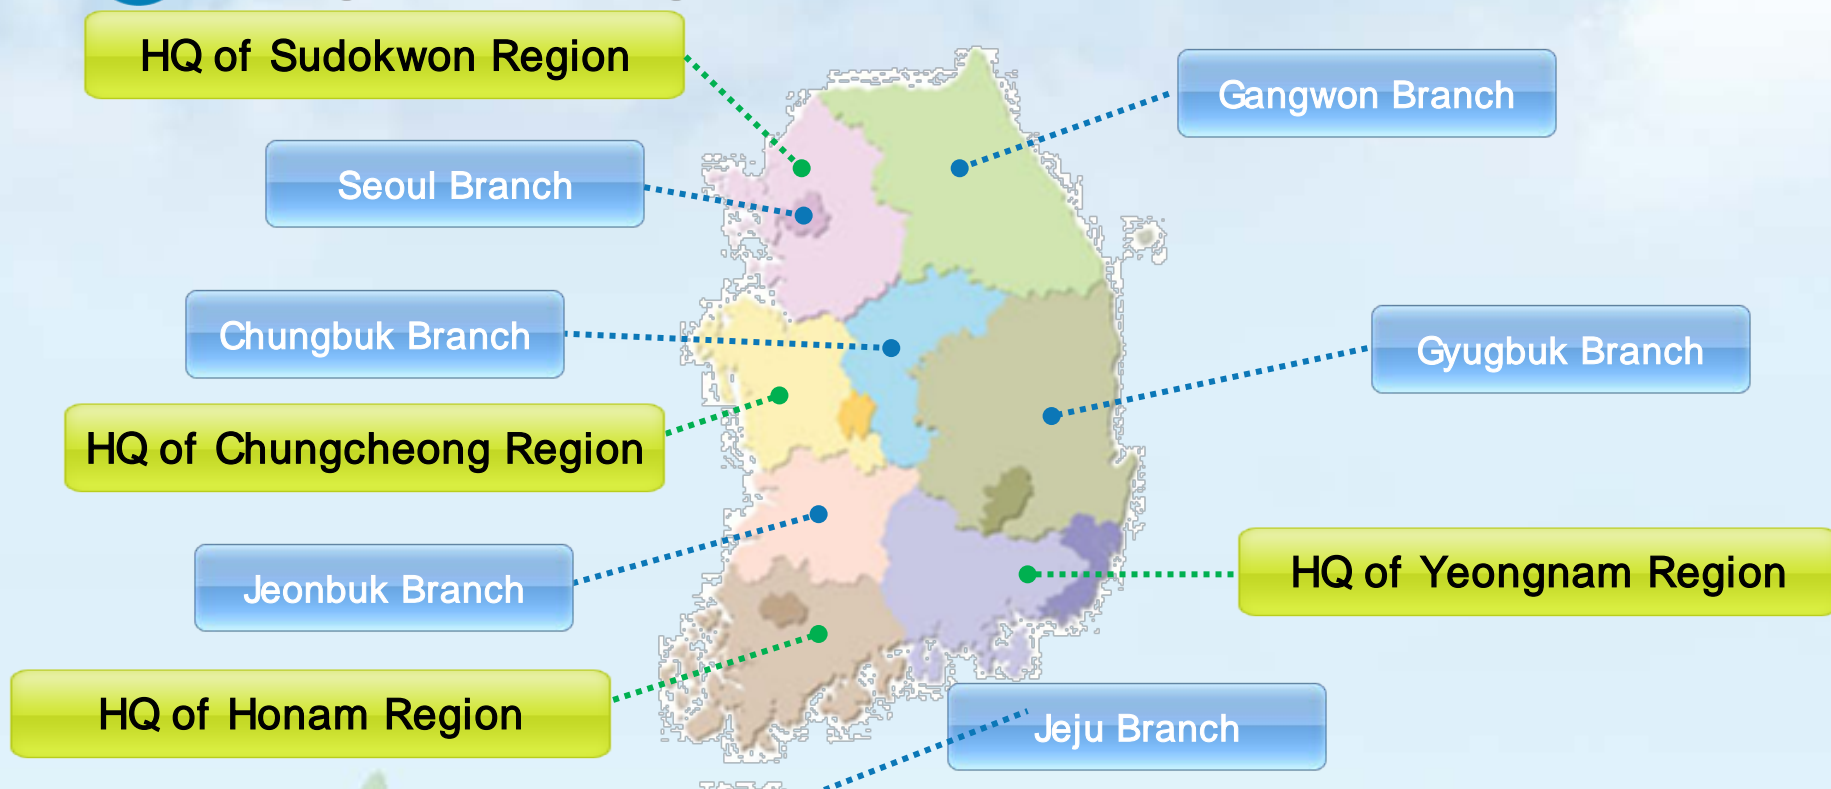

Establishment of **KECO**

Korea Environment Cooperation Act : Article 1 (Basis) The purpose of this present act is to establish the Korea Environment Cooperation (KECO), in an effort to handle environment-related projects, such as pollution prevention, environment improvement, and recirculation, with maximum efficiency and to establish a circulatory resource management system, while also presenting an environment-friendly blue-print for national development.

# Regional Organization of K-eco
