High-level Meeting on Strengthening Inter-island Shipping and Logistics in the Pacific Island Countries

Organized by United Nations Economic and Social Commission for Asia and the Pacific (ESCAP) in collaboration with the International Maritime Organization (IMO), Pacific Islands Forum Secretariat (PIFS) and the Secretariat of the Pacific Community (SPC)

23-25 July 2013
Suva, Fiji

Note:

Countries are requested to prepare a background paper in two parts, the first for domestic shipping and the second for international shipping. Each part may take into account:

- Port infrastructure.
- Vessel calls (number, frequency, reliability, fares and freight rates).
- Numbers of passengers, cargo tonnages, commodities handled and TEUs loaded and unloaded.
- Fleet size, age and type.
- Shipping service network.
- Government support and other interventions (franchises, route licensing, subsidies, Commissions and other interventions).
- Challenges and opportunities in the provision of shipping services

In addition, countries are invited to deliver a presentation of not more than 10 minutes covering the challenges faced by their country in strengthening interisland shipping in the sub-region and solutions to overcome those challenges.
