

Deliberation on the Draft Plan of Action for **ESCAP Resolution 68/5**

Space Applications Section (SAS) Information and Communications Technology and Disaster Risk Reduction Division (IDD) **ESCAP**

ESCAP

Resolution 68/5

- ➤ Asia-Pacific Years of Action Applications of Space Technology and the Geographic Information System for Disaster Risk Reduction and Sustainable Development, 2012-2017.
- Sponsored by the Japanese Government.
- Adopted at the 68th Session of the Commission.

Objective of the Resolution

>to enhance efforts at the national and regional levels to broaden and deepen the contribution of space technology and the GIS to addressing issues related to disaster risk reduction and disaster risk management as well as sustainable development by increasing relevant activities at the national, subregional and regional levels.

The Formulation of the Draft

- The Draft Plan of Action is divided into 5 sections
 - The Preamble
 - Towards Disaster Risk Reduction
 - Towards Sustainable Development
 - Finance and Resources
 - The Way Forward
- The actions proposed in the Plan towards the 2 thematic areas are divided to showcase work to be done at the
 - Regional and Subregional Level
 - National Level

Expected Outcomes

• The 16th session of the Intergovernmental Consultative Committee (ICC) on the Regional Space Applications Programme (RESAP) deliberated on the draft Plan of Action, and **present its recommendations** and revisions to the Intergovernmental Meeting for further deliberation and final Adoption.

- The recommendations, changes and additions from the 16th Session of the ICC on RESAP will be presented as "TRACK **CHANGE**" version for your deliberation and endorsement for this agenda item.
- The Plan of Action will be endorsed at the 69th Session of the Commission.
