Annex 6: Bibliography.....	268

FOREWORD

The General Population Census of Cambodia of 2019 provides a crucial opportunity to examine past achievements and to guide future development plans and strategies. Aware of the vital importance of the project, the Royal Government of Cambodia allocated major national resources towards the implementation of the Census.

I am gratified that the Census has been a success and that reliable and timely data will be made available to specialized users and the general public. In addition to the present document, a range of thematic reports will be generated by the National Institute of Statistics, with the assistance of specialists from various sectors, including academia.

On behalf of the Ministry of Planning, I would like to express our deep gratitude to **Samdech Akka Moha Sena Padei Techo HUN SEN, Prime Minister of the Kingdom of Cambodia**. His unwavering support has been integral to the successful completion of the Census. I would also like to extend our sincerest thanks to **Samdech Kralahom Sar Kheng, Deputy Prime Minister, Minister of the Interior and Chairman of the National Census Committee (NCC)** and the others members of the Committee, for their guidance.

As Chair of the Technical Committee and the Publicity Committee for the General Population Census of Cambodia of 2019 - and on behalf of the Ministry of Planning – I would like to thank all members of the census committee working in the capital, provinces, municipalities, districts, khans and communes/sangkats. They did an excellent job and, by working together, we have been able to successfully implement our planned activities and obtain valuable results.

I would also like to thank the United Nations Population Program (UNFPA), the Swedish International Development Cooperation Agency (SIDA) and the Federal Republic of Germany and their implementer, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) and the European Union (EU). Their financial and technical assistance supported the census planning and also the data entry, cleaning and analysis phases. They also provided training in report writing and helped draft the final census report.

I would like to thank **Dr Nott Rama Rao** for providing technical assistance in the census planning process and for reviewing all technical aspects of the census. And **Dr Ricardo Neupert**, Census Chief Technical Advisor, for providing overall technical assistance, particularly in writing the final census report. **Dr Arij Dekker** also provided much-appreciated help with the data cleaning and the preparation of the census priority tables. And **Kjell Tambour**, Senior Advisor with Statistics Sweden/SIDA, provided welcome assistance with the data processing.

I would like to express my special thanks to the Government of the People's Republic of China for providing material assistance worth a total of \$2.5 million to support the census. This valuable contribution included automobiles, motorcycles, desktops, laptops, printers, photocopiers, tablets, servers and other electronic devices.

Last but not least, I would like to express my gratitude and appreciation to all staff of the National Institute of Statistics. **H.E. Ms. Hang Lina**, Delegate of the Royal Government of Cambodia in-charge of Director-General of the National Institute of Statistics, who carefully coordinated all census operations, with the assistance of Deputy Directors-General **H.E. Sok Kosal**, **H.E. Saint Lundy** and **H.E. They Kheam**.

I would like to express particular thanks to all compatriots who supported and participated in the successful completion of census operations in the Kingdom of Cambodia in 2019.

It is hoped that ministries, international agencies, researchers and the public will find this report useful.

Senior Minister
Minister of Planning

Kitti Settha Pandita Chhay Than
