Foreword	iii
Cambodia-Province Map	v
Figures at a Glance	vi
List of Abbreviation and Acronyms	x
 Chapter 1 Introduction	
1.1 Background	1
1.2 Survey Objective	1
1.3 Survey Content	2
1.4 Survey Organization	2
1.5 Training of field staff	3
1.6 Data Collection and Supervision	3
1.7 Data Processing	3
1.8 Tabulation and Analysis Plans	4
1.9 Dissemination Plan	4
1.10 Quality Assurance	5
1.11 Limitations of the Survey	5
 Chapter 2 Sampling Design, Estimation and Evaluation	
2.1 Introduction	7
2.2 Sampling Frame	7
2.3 Stratification	7
2.4 Sample Size and Sample Allocation	8
2.5 Survey design	8
2.6 Probability Selection	10
2.7 Extrapolation	10
2.8 Standard Errors and Confidence Intervals	12
 Chapter 3 Population Size, Growth and Distribution	
3.1 Population size	15
3.2 Regional Population	16
3.3 Proportion of Population and Ranking by Province	19
3.4 Population Density	20
3.5 Distribution of population by Urban and Rural	23
3.6 Distribution of Population by Religion	23
3.7 Distribution of population by Mother Tongue	25
 Chapter 4 Age Structure, Sex Composition and Marital Status	
4.1 Introduction	27
4.2 Evaluation of age data of CIPS 2013	28
4.3 Age structure	29
4.4 Population by Broad Age Group, Age Dependency Ratio and Median Age	32
4.5 Age Dependency Ratio	33
4.6 Sex Composition	34
4.7 Sex Ratio	35
4.8 Marital status	36
4.9 Average age at marriage	39
4.10 Adolescent marriage	41
 Chapter 5 Literacy and Education	
5.1 General	43
5.2 Literacy Rate	43
5.3 Adult Literacy Rate	45
5.4 School Attendance	47

5.5	Educational Attainment	48
5.6	Main Subjects of Study	51
Chapter 6 Labour and Employment		
6.1	General	55
6.2	Economically Active population or Labour Force	56
6.3	Employment and Unemployment	59
6.4	Employment Status	61
6.5	Sectors of Employment	62
6.6	Employment by Industrial and Occupational Classifications	63
6.7	Secondary Economic Activity	67
6.8	Educational Levels of Workers	69
6.9	School Attendance by young workers	69
Chapter 7 Fertility and Mortality		
7.1	Introduction	73
7.2	Source and quality of data	74
7.3	Estimates of fertility	77
7.4	Estimates of early age mortality-Total, Urban and Rural	82
7.5	Conclusion	87
Chapter 8 Migration		
8.1	Definition of Migration	89
8.2	Migrant Population	89
8.3	Internal migration	91
8.4	Reason for Migration	92
8.5	Duration of Residence of Migrants	93
8.6	Migrants by Age Group	93
8.7	Economic Activity and Educational Levels of Migrants	96
Chapter 9 Population with Disability		
9.1	Distribution of Persons with Disability	97
9.2	Sex Ratio and Age Distribution of the Disabled Population	99
9.3	Literacy and Educational Levels	102
9.4	Usual Activity Rates	103
9.5	Economic Activity Rates	104
Chapter 10 Housing and Household Characteristics		
10.1	Housing Status	105
10.2	Household Characteristics	107
10.3	Household Amenities and Facilities	113
Chapter 11 Summary and Conclusions		
11.1	Population Size, Growth and Distribution	121
11.2	Age Structure and Sex Ratio	122
11.3	Marital Status	122
11.4	Literacy and Education	123
11.5	Labour Force	123
11.6	Fertility and Mortality	124
11.7	Migration	125
11.8	Disability	125
11.9	Housing and Household Characteristics	126
Appendix		
Appendix 1	Form A, House-listing	130
Appendix 2	Form B, Household Questionnaires	131
Appendix 3	List of Priority Tables	137
Appendix 4	Definition of Disability	141
Appendix 5	Glossary	144

FOREWORD

This report presents the results of Cambodia Inter-censal Population Survey, 2013 (CIPS, 2013) that was carried out in March 2013 by the National Institute of Statistics. It is a nationally representative sample survey of 955 Primary Sampling Units and 28,650 households. This survey was taken between two censuses, the 2008 census and the proposed 2018 census, in order to update information on population size and growth, educational attainment, labour and employment, fertility, mortality, migration, disabled population, and other population characteristics as well as household facilities and amenities. The main objective of the CIPS, 2013 was to provide demographic and socio-economic data, necessary for policy making, planning, monitoring and evaluation at national and sub-national levels. It was also intended to provide statistical information that would be useful to measure progress towards achieving the national objectives and targets of the various plans and programmes. This survey has been designed to estimate most of the indicators disaggregated by sex, for Total, Urban and Rural areas at the national level and in the case of each province for total areas only. The tables, figures and text are related to the most important indicators consistent with the objectives of the survey.

More than a thousand staff members of the NIS and Provincial Planning Offices were trained for conducting the survey. Their services would be utilized to train in turn a large number of enumerators and supervisors who would be recruited for the next Census. The CIPS 2013 may therefore be called the harbinger of the next Population Census in Cambodia due in the year 2018. The National Institute of Statistics emphasizes the importance of close collaboration with international development partners and national counterparts to ensure transfer of knowledge to improve analytical methodologies, and plan and organize national reports. This emphasis will facilitate the long term sustainability of demographic analysis in the country.

On behalf of the Ministry of Planning, I wish to place on record our gratitude to the United Nations Population Fund (UNFPA) for supporting the whole process of CIPS, 2013 including resources and technical assistance program with emphasis on capacity development. Thanks are due to Japan International Cooperation Agency (JICA) for providing technical assistance for mapping villages and Enumeration Areas (EAs), and for participating in analysis and dissemination of the results.

I appreciate the hard work put in by the staff of the NIS under the guidance and supervision of H.E Mrs. Hang Lina, Director General, NIS and the Provincial Planning Offices in making the survey a success as well as in the preparation of this report. I wish to take this opportunity to thank all staff in the National Institute of Statistics as well as all survey field staff who have taken part and contributed to the success of the Cambodia Inter-censal Population Survey, 2013. We are also thankful to technical advisers for the survey: Mr. Nott Rama Rao, Dr. Gouranga Das Varma, Mr. Gregory Martin, Mr. Fumihiko Nishi, Mr. Akihiko Ito, and Mr. Akihito Yamauchi.

We are pleased to present to line-ministries, international agencies, non-government organization, policy makers, programme implementers, development planners, and researchers a publication with a plethora of useful information. We hope to receive feedback and comments to improve our subsequent publications. 

CHHAY THAN
Senior Minister,
Minister of Ministry of Planning
