## ACKNOWLEDGEMENTS

It has been a challenge undertaking this assignment in light of the diverse communities, various socio-economic dynamics and perceptions on slum upgrading.

I am grateful to UN-HABITAT who entrusted me with this work. I am also grateful to Vincent Kiribakka and Joseph Semambo of Kampala City Council who worked tirelessly to ensure all field work takes place and the entire inception process is complete. In the same line, I extend my sincere gratitude to my research team: Charles Mpoda, Samuel Kibuuka, Isabella Aujo and Christine Kajumba for their tireless effort in guiding the data collection and field work undertakings. Special thanks go to Rachael M'Rabu and Peter Wegulo for providing valuable comments and insights.

I am indebted to Associates for Development and my colleague Herbert Kamusiime, for his efforts in critiquing the drafts.
