ISBN 978-92-95050-04-4 (online)

This publication is the product of the staff of the World Food Programme (WFP) with external contributions. The findings, interpretations, and conclusions expressed in this publication do not necessarily reflect the official position of WFP, its Executive Director, its Executive Board or its partners.

The mention of specific companies or products in this publication does not imply that these have been endorsed or recommended by WFP.

The designations employed and the presentation of material in this publication, including in the maps, do not imply the expression of any opinion whatsoever on the part of WFP concerning the legal or development status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers and boundaries. The mention of specific companies or products or manufacturers, whether or not these have been patented, does not imply that these have been endorsed or recommended by WFP in preference to others of a similar nature that are not mentioned.

The designations employed and the presentation of material in the maps does not imply the expression of any opinion whatsoever on the part of WFP concerning the legal or constitutional status of any country, territory or sea area, or concerning the delimitation of frontiers.

- A dispute exists between the Governments of Argentina and the United Kingdom of Great Britain and Northern Ireland concerning sovereignty over the Falkland Islands (Malvinas).
- Dotted line represents approximately the Line of Control in Jammu and Kashmir agreed upon by India and Pakistan. The final status of Jammu and Kashmir has not yet been agreed upon by the parties.
- Final boundary between the Republic of Sudan and the Republic of South Sudan has not yet been determined.

All reasonable precautions have been taken by WFP to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WFP be liable for damages arising from its use.

Table of contents

Acknowledgements	10
Foreword	14
Key Messages	16
The 2020 Nobel Peace Prize awarded to the UN World Food Programme	19
Executive Summary	21
Introduction	31
CHAPTER 1 School feeding programmes in 2020: scale, coverage and trends	39
1.1 Number of children receiving school meals	44
1.2 Coverage of school feeding programmes	49
1.3 Annual financial investment in school feeding	55
1.4 Sources of funding	56
1.5 National institutions: policy frameworks and programme design	57
1.6 School feeding and employment	60
1.7 Integrated school health and nutrition programmes	61
1.8 The way forward	62
SPECIAL REPORT The impact of the COVID-19 pandemic on school feeding around the world	I
SR.1 The effects of school closures on children	III
SR.2 Mitigation and coping: reducing the impact of school closures	IX
SR.3 Back to school: what countries need to do next	XIV
SR.4 The way forward	XVII
CHAPTER 2 Policy outlook and priorities	73
2.1 A paradigm shift: the next 7,000 days	75
2.2 School feeding as an investment in human capital	81
2.3 Global education systems and gender	85
2.4 Global food systems and climate change	88
2.5 School feeding in humanitarian settings	93
2.6 The way forward	97

CHAPTER 3 The costs and benefits of school feeding	103
3.1 The cost of school feeding programmes	105
3.2 Economic and non-economic benefits of school feeding	113
3.3 Calculating the returns to school feeding: the economic value of school feeding programmes in low- and middle-income countries	118
3.4 The way forward	125
CHAPTER 4 Partnerships for school feeding	129
4.1 An advocacy partnership for school health and nutrition	131
4.2 Operational partnerships for school feeding	133
4.3 Global school feeding information networks	141
4.4 South-South Cooperation	144
4.5 Partnerships and coordination at the regional level	147
4.6 Partnerships and coordination at the national level	149
4.7 The way forward	152
CHAPTER 5 The global and strategic role of WFP in school health and nutrition	159
5.1 The scale of WFP's efforts	161
5.2 WFP's contribution to the sustainability and institutionalization of programmes	166
5.3 Unfinished business: how many children are not receiving school health and nutrition support?	172
5.4 A renewed commitment: WFP's new school health and nutrition strategy	173
5.5 The way forward	182
Conclusions	193
References	198
Glossary	210
Acronyms	212
Annexes	
Annex I: Recent publications by the World Food Programme and partner agencies	214
Annex II: Online resources on school health and nutrition in the context of the COVID-19 pandemic	218
Annex III: Methodology and sources used for estimating children receiving school feeding, coverage and investment	219
Annex IV: Country-specific indicators of school feeding	231
Annex V: Detailed methodology and data used for the global school feeding cost benchmarks presented in Chapter 3	236

Boxes, case studies, figures and tables

Boxes

Box 1.1	The Global Child Nutrition Foundation	62
Box 2.1	A paediatric nutritionist's perspective on food, schools and school feeding	80
Box 2.2	Building human capital by investing in the future of the most vulnerable children – A WFP–UNICEF partnership	82
Box 2.3	Schools as a system to improve nutrition	83
Box 2.4	Breaking barriers to girls' education in Chad and Niger	86
Box 2.5	FAO's school food and nutrition approach	90
Box 2.6	Healthy-SABER: A renewed diagnostic tool for school health and school feeding	92
Box 3.1	School feeding as a core component of social protection systems	112
Box 3.2	The World Bank Group's approach to school health and nutrition	122
Box 3.3	USDA's perspective on school feeding	123
Box 4.1	Stepping up effective school health and nutrition – A UN partnership	132
Box 4.2	The Global Partnership for Education (GPE)	135
Box 4.3	Education Cannot Wait	137
Box 4.4	Mary's Meals vision for school feeding	138
Box 4.5	BMZ perspective on school health and nutrition	140
Box 4.6	World Coalition on sustainable healthy school nutrition	142
Box 4.7	Dubai Cares and its contributions to public goods	143
Box 4.8	The work of the WFP Centre of Excellence in Brazil: ten years of international cooperation	145
Box 5.1	What WFP learned from COVID-19 in the context of school feeding and education	179
Box 5.2	UNESCO's Global Education Monitoring Report on inclusive school health and nutrition: A summary	180
Box 5.3	Digital innovation in school feeding – Menu Planner PLUS, School Connect and Integrated Dashboards	181
Box A3.1	Income classification of countries	227

Case studies

Case Study 1.1	China: Nutrition improvement programme for rural students	64
Case Study 1.2	Russia: The consolidation of the Russian school meals programme	65
Case Study 1.3	India: The Mid-Day Meal Scheme (MDMS)	66
Case Study 1.4	South Africa: The National School Nutrition Programme (NSNP)	68
Case Study 1.5	Brazil: Programa Nacional de Alimentação Escolar (PNAE)	70
Case Study 2.1	Finland: Investing in effective learning	99
Case Study 2.2	France: How school meals can support the transition to more sustainable food systems?	100
Case Study 3.1	Mali: Improving the prospects for peace and building social cohesion	126
Case study 4.1	The African Union: Partnerships for school feeding	153
Case study 4.2	Latin America and the Caribbean: Partnerships for school feeding	154
Case study 4.3	The Russian–Mozambican debt-swap arrangement: National leadership and WFP’s implementation	156
Case study 5.1	Nepal: handover and transition story	183
Case study 5.2	Bangladesh: The transition process	185
Case study 5.3	Kenya: Consolidation of its national school feeding programme	186
Case study 5.4	Tunisia: A sustainable school feeding strategy	188
Case study 5.5	Lebanon: A school feeding programme in an emergency context	190

Figures

Figure 1.1	Breakdown of countries by data source	44
Figure 1.2	Breakdown of sample by source and income level	45
Figure 1.3	Change in the number of children receiving school feeding between 2013 and 2020	49
Figure 1.4	Children enrolled in primary schools around the world	50
Figure 1.5	Coverage of school feeding programmes by country income level	51
Figure 1.6	Change in coverage between 2013 and 2020 by income category	53
Figure 1.7	Change in coverage by region between 2013 and 2020	54
Figure 1.8	Breakdown of aggregate expenditure by source of funding in 2013 and in 2020	56
Figure 1.9	Status of school feeding policy frameworks in 2013 and in 2020	57
Figure 1.10	Jobs created for every 100,000 children receiving school feeding	60
Figure 1.11	Number of complementary activities implemented in conjunction with school feeding	61
Figure 2.1	Human development to age 20	77
Figure 2.2	Essential health and nutrition interventions during school years	79
Figure 3.1	Cost of school feeding as a share of expenditure in primary education	110
Figure 3.2	Cost of school feeding as a share of GDP per capita	111
Figure 3.3	Improvements associated with nutrition-sensitive programming in Malawi	115
Figure 3.4	Average effectiveness of interventions to boost learning outcomes, Sub-Saharan African countries compared with all low- and middle-income countries	117
Figure 3.5	Four major benefits of school feeding programmes	119

Figure 5.1	Evolution of WFP school feeding beneficiaries between 2013 and 2020	164
Figure 5.2	The evolution of a policy priority	168
Figure 5.3	Numbers of children reached by school feeding programmes in countries supported by WFP	169
Figure 5.4	Change in policy frameworks in countries supported by WFP	170
Figure 5.5	Change in funding sources in countries supported by WFP	171
Figure A3.1	Breakdown of countries by data source	221
Figure A3.2	Breakdown of sample by source and income level	221
Figure A3.3	Breakdown of countries with reported data by reference year	224

Maps

Map 1.1	Children receiving school feeding around the world	46
Map SR.1	WFP global monitoring of school meals during COVID-19 school closures	V
Map 5.1	Overview of WFP school feeding programmes around the world in 2019	163

Tables

Table 1.1	Four estimates of the total yearly investment in school feeding	55
Table SR.1	Examples of alternative mechanisms to school feeding implemented by governments globally	X
Table SR.2	Examples of national school closure mitigation responses supported by WFP	XI
Table SR.3	Summary of policy recommendations to mitigate the effects of the COVID-19 pandemic on food and nutrition of schoolchildren	XIII
Table 2.1	Risks children face in emergencies	93
Table 3.1	2020 Cost benchmarks and comparative analysis with the State of School Feeding Worldwide 2013	108
Table A3.1	Sources used for school feeding data	222
Table A3.2	Possible configurations of school feeding programmes for the purpose of calculating net total beneficiaries	225
Table A3.3	Coverage rates used for estimating the number of children receiving school feeding	228
Table A3.4	Four estimates of the total yearly investment in school feeding	229
Table A3.5	Average cost per income group used for estimating global investment	230
