

World Food Programme

Cash Transfers

Needs-based approach

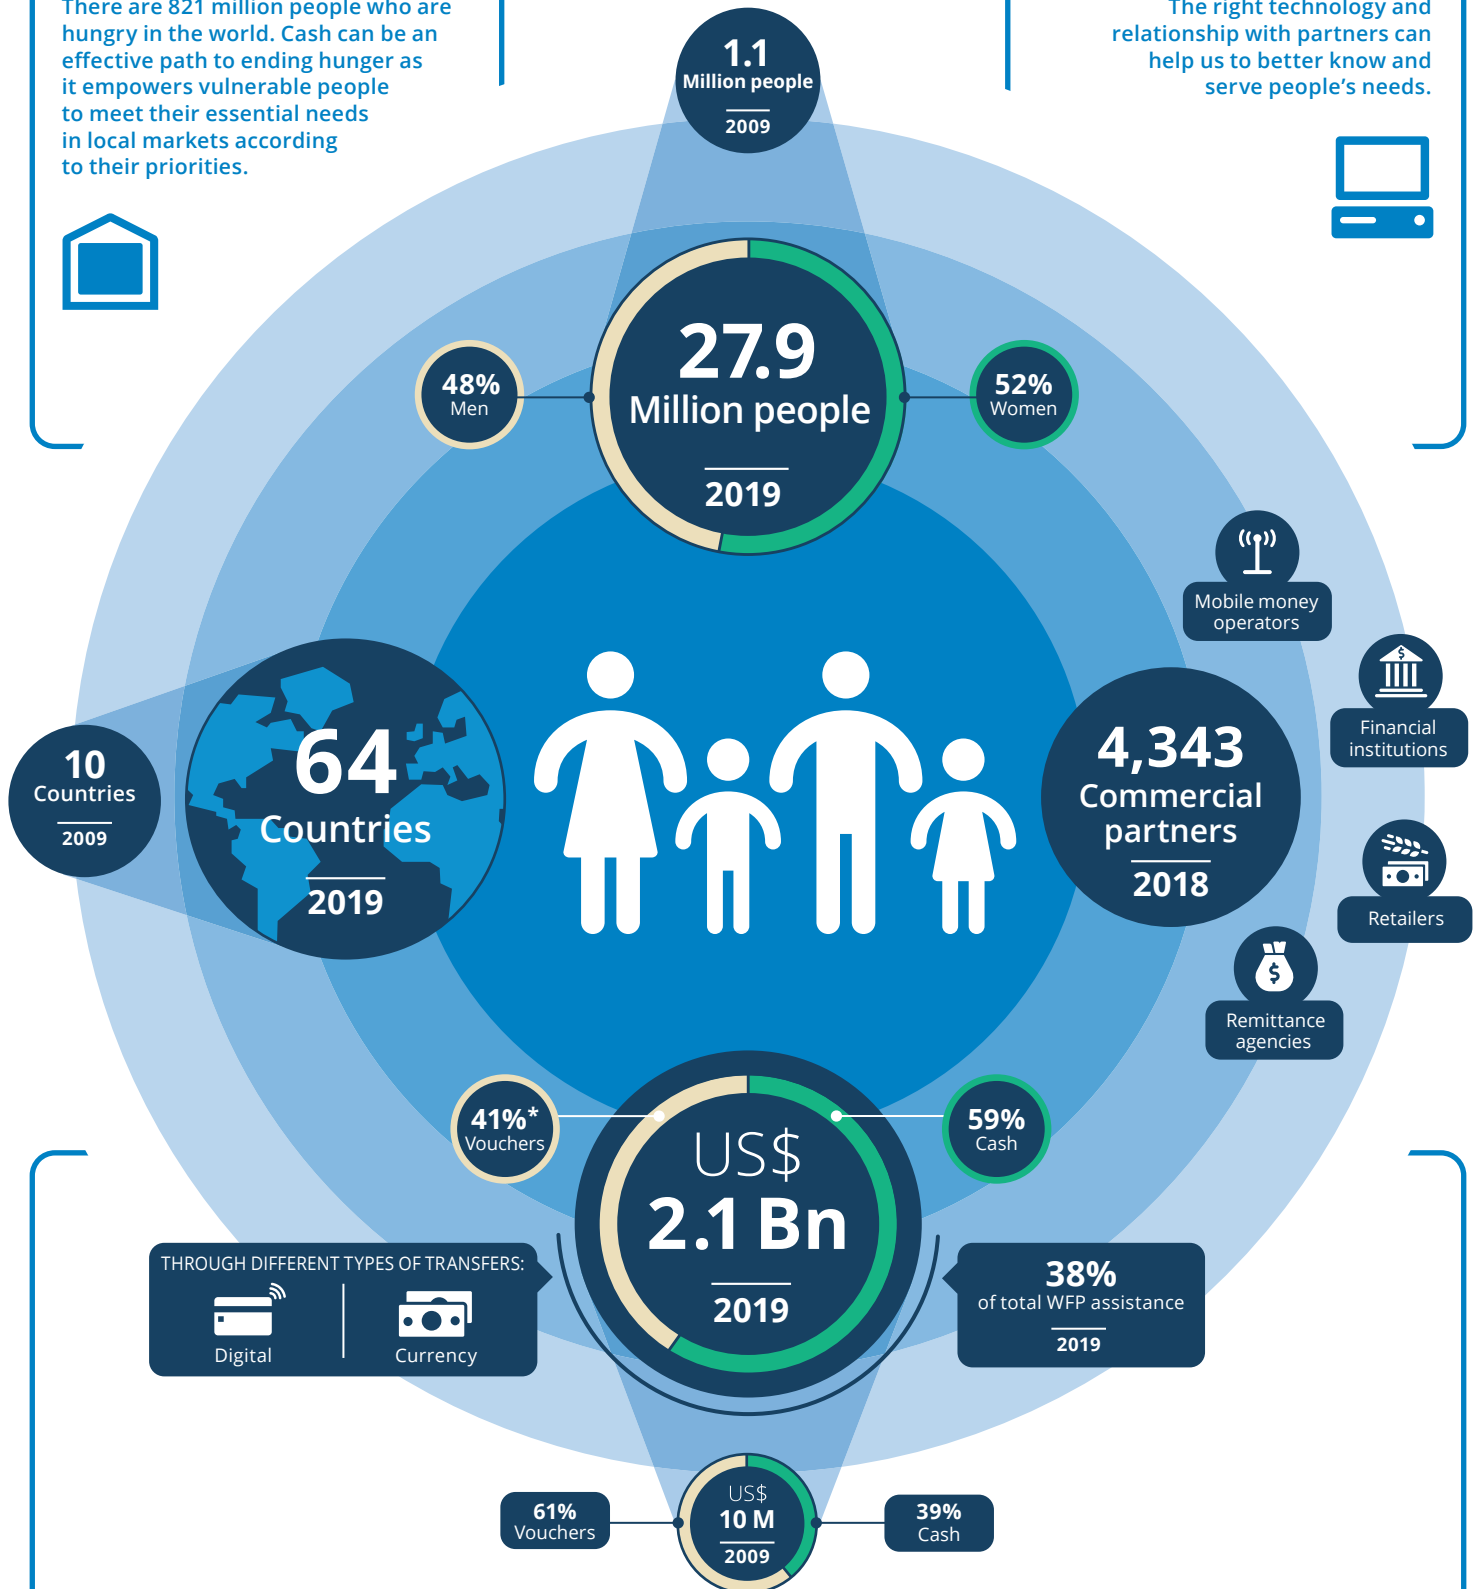

There are 821 million people who are hungry in the world. Cash can be an effective path to ending hunger as it empowers vulnerable people to meet their essential needs in local markets according to their priorities.

WFP CASH IN NUMBERS

Technology

The right technology and relationship with partners can help us to better know and serve people's needs.

Strengthening country systems

Cash assistance can be channeled through existing social protection and other national systems, helping to strengthen them.

*Includes: 30% value vouchers and 11% commodity vouchers
