World Food Programme D.R. Congo

2021 Annual Country Report

2021 highlights

FULL REPORT

The Democratic Republic of Congo (DRC) is the **world's biggest hunger emergency**, with 27 million people - 26 percent of its population - acutely food insecure.

DRC's emergency is a **protracted humanitarian crisis** compounded by persistent and widening armed conflict, severe food insecurity, poor diets, disease outbreaks and climate change.

Civilians face violations of their rights to property, liberty and physical integrity. The prevalence of sexual and gender-based violence, particularly domestic violence against women and girls, is alarming.

WFP's contribution to gender equality, social and environmental protection

WFP used the **Gender and Age Marker** to assess its contribution to gender equality across programmes. WFP developed a robust network of **prevention of sexual exploitation and abuse** focal points, ensuring safe and reliable communication channels are in place for beneficiaries and partners to report any misconduct.
