*Country Strategic Plan Evaluations (CSPEs) encompass the entirety of WFP activities during a specific period. Their purpose is twofold: 1) to provide evaluation evidence and learning on WFP's performance for country-level strategic decisions, specifically for developing the next Country Strategic Plan and 2) to provide accountability for results to WFP stakeholders*

### Subject and focus of the evaluation

The WFP Country Strategic Plan (CSP) for Cambodia (2019-2023) centres around five strategic outcomes, originally designed to focus on resilience building and root causes, implemented primarily through food transfer, cash-based transfers, capacity strengthening and service provision, and platform activities. Shifting from relief and recovery programming to development assistance, the CSP positions WFP as a partner to the Government in addressing major cross-cutting concerns in social protection, food security/nutrition and emergency preparedness/response.

The overall budget for the Cambodia CSP, approved by the Executive Board in February 2019, was USD 50,2 million for a total of 424,640 direct beneficiaries (Tier 1). The CSP budget has been subsequently revised four times, reaching a total of USD 80,3 million.

The unit of analysis of the evaluation are the CSP approved in February 2019 and the preceding transitional interim CSP (T-ICSP, January-December 2018), as well as any subsequent approved budget revisions.

The evaluation will assess WFP contributions to T-ICSP and CSP strategic outcomes, establishing plausible causal

The evaluation will seek the views of, and be useful to, a range of WFP's internal and external stakeholders and presents an opportunity for national, regional and corporate learning. The primary user of the evaluation findings and recommendations will be the WFP Country Office and its stakeholders to inform the design of the new CSP. The evaluation report will be presented at the Executive Board session in November 2023.

### Key evaluation questions

The evaluation will address the following four key questions:

**QUESTION 1: To what extent was the T-ICSP and is the CSP evidence based and strategically focused to address the needs of the most vulnerable??**

The evaluation will assess the extent to which the T-ICSP and the CSP were relevant to national policies, plans, strategies and goals, including achievement of the national Sustainable Development Goals. It will further assess the extent to which the T-ICSP and the CSP addressed the needs of the most vulnerable people in the country to ensure that no one is left behind; whether WFP's strategic positioning has remained relevant throughout the implementation of the T-ICSP and the CSP in light of changing context, national capacities and needs, in particular in response to COVID-19 pandemic; and to what extent the T-ICSP and the CSP were coherent and aligned with the wider UN cooperation framework and included appropriate strategic partnerships based on the comparative advantage of WFP in the country.

**QUESTION 2: What is the extent and quality of WFP's specific contribution to the T-ICSP and current CSP strategic outcomes in Cambodia?**
