# WFP's support to smallholder farmers in Bhutan

## EVALUATION REPORT OVERVIEW

A developmental evaluation was carried out on WFP's support to smallholder farmers and its expanded portfolio across the agriculture value chain in Bhutan from January 2019 to June 2021. Based on the findings, five recommendations were made to advance its food systems portfolio.

## COUNTRY CONTEXT

**2.6%**  
of the land area is used  
for crop production

**727,145**  
Bhutan's population

**5%**  
of Bhutanese identified as  
multi-dimensionally poor in 2017

**2023**  
The year in which Bhutan  
is to graduate to lower  
middle income country

**130**  
Bhutan's global ranking for  
women's equal economic  
participation

**22.6%**  
youth unemployment  
in 2020

### Real GDP growth

**7.2%**  
2019 pre-COVID-19

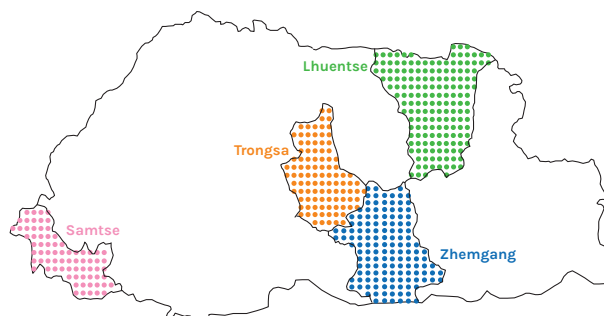

**5.5%**  
2018-2019 financial year

**2.7%**  
2019-2020 financial year

**50,000**

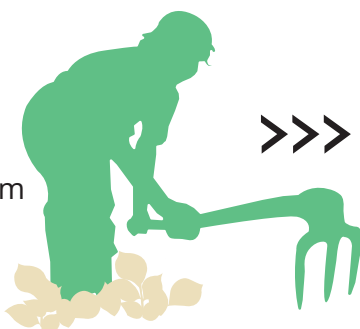

jobs among youths and young adults lost  
due to low tourist arrivals in 2020 and 2021

### Evaluation coverage

# 7,516

smallholder farmers benefited from establishment of farmer-school linkages and the emergence of a national fresh produce market

# 60%

of beneficiary group members were women

# 55

officers trained in adherence to procurement standards (including food quality management and inspection) and farmer group support by WFP

# 18,095

(9,538 girls and 8,557 boys) students diet improved

# 96.5%

net primary school enrollment rate  
(Stakeholders say access to school meals contributed to

# 30%

of arable land was fallow in 2020
