Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. ITU Publications can be obtained from ITU Bookshop <http://www.itu.int/en/publications>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/copyright>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO or ITU concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO or ITU in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO and ITU to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO or ITU be liable for damages arising from its use.

Design and layout by 400 communications.

Contents

Acknowledgements	vi
Executive summary	viii
Introduction	x
Hearing loss	x
Box 1: Hearing loss, deafness and hard of hearing	xi
Hearing loss caused by loud sounds	xii
The effect of loud sounds on ears	xiii
Unsafe listening	xiv
Hearing loss prevention through safe listening	xv
The WHO initiative: Make Listening Safe	xvii
Raising awareness to change listening behaviours	xvii
Safe listening devices and systems	xvii
Safe listening entertainment venues	xix
Be He@lthy, Be Mobile and digital client communication messaging for safe listening	xix
The Be He@lthy, Be Mobile handbook for Safe Listening	xx
1. Operations management	1
1.1. Establishing programme leadership	2
1.2. Undertaking a situational assessment	3
1.3. Stakeholder analysis and engagement	4
1.4. Engaging with civil society	6
1.5. Forming strategic partnerships with the private sector	6
1.6. Funding the mSafeListening programme	7

2. mSafeListening workplan development	10
2.1. Establish the “problem statement”	11
2.2. Determine the programme objective	11
2.3. Identify requirements of technology, infrastructure and regulations	12
2.4. Content adaptation	12
2.5. Promotion and recruitment	13
2.6. Monitoring and evaluation	14
2.7. Estimated time frames	14
2.8. Budgeting	15
3. Content development and adaptation	17
3.1. Target population(s)	19
3.2. Programme design	20
3.3. Adapting the existing message content library	22
4. Promotion, participation and retention	34
4.1. Promoting the mSafeListening programme	35
4.2. Participation in the mSafeListening programme	37
Option 1: Signing up for the programme	37
Option 2: Automatic enrolment	38
Monitoring participation	38
4.3. Retention	39
4.3.1. Ways to reduce drop-out	40
4.3.2. Opt-out option	40
5. Technology specifications	42
5.1. Selecting the appropriate technology for the context	43
5.2. Technology implementation needs	49
5.3. Software needs	50
Selecting a software provider	52

6. Monitoring and evaluation of mSafeListening	58
6.1. Planning for M&E	59
Step 1. Determining the goal of M&E	61
Step 2. Creating and adapting an M&E framework	62
Step 3. Planning M&E human resources	64
Step 4. Selecting indicators for monitoring mSafeListening	66
Step 5. Design the outcome evaluation and prepare data collection materials	67
Step 6. Preparing the M&E budget	69
Step 7. Analysing the data	69
Step 8. Reporting and dissemination	70
References	72
Annexes	76
Annex 1. Proposed structure of a BHBM implementation team	77
Annex 2. BHBM and mSafeListening programme stakeholders and roles	79
Annex 3. Sources of sustainable funding	83
Annex 4. Questionnaires	86
Annex 5. Adapting content library for voice, messenger apps or chatbots	97
Annex 6. Information on sound levels	105
Annex 7. Important considerations for the promotion of mSafeListening	106
Annex 8. Monitoring and evaluation indicators for mSafeListening	110
Annex 9. Benefits and risks of different software models	123
Annex 10. Role of aggregators	126
Web Annex.	
mSafeListening message libraries	

Acknowledgements

This handbook on how to implement mSafeListening was created through collaboration between the World Health Organization (WHO) Sensory Functions, Disability and Rehabilitation unit and department of Digital Health and Innovation, and the International Telecommunication Union (ITU) Telecommunication Development Bureau.

WHO and ITU gratefully acknowledge the following contributors:

Handbook preparation

WHO Sensory Functions, Disability and Rehabilitation unit:

Shelly Chadha, Alarcos Cieza, Kaloyan Kamenov.

WHO/ITU Be Healthy, Be Mobile team: Roman Chestnov, Javier Elkin, Hani Eskandar, Melissa Harper Shehadeh, Surabhi Joshi, Sameer Pujari, Mariam Shokralla, Ayush Shukla.

Content development for message libraries

Social Marketing Gateway (SMG) team, Scotland, United Kingdom of Great Britain and Northern Ireland.

Content reviewers

Members of the mSafeListening Informal Expert Group: Nicola Diviani (Senior Research Fellow, Swiss Paraplegic Research; Lecturer, University of Lucerne, Switzerland); Raphael Elmiger (Federal Office of Public Health; Consumer Protection Directorate, Switzerland); Katya Feder (Research Scientist, Health Canada, Ottawa); Adrian Fuente (Honorary Fellow & Honorary Research Fellow, School of Health and Rehabilitation
