# Foreword

This second edition of the Pandemic Influenza Preparedness (PIP) Framework reflects an amendment to Annex 2, Standard Material Transfer Agreement 2, Footnote 1, as decided by the Seventy-second World Health Assembly.<sup>1</sup> The amendment clarifies that, under certain circumstances, the indirect use of PIP Biological Materials will require the conclusion of an SMTA2. The amendment is in effect from the closure of the Seventy-second World Health Assembly (28 May 2019).
