<b>WHAT THE SYMBOLS USED IN THE GUIDE INDICATE</b>	<b>37</b>
<b>Module 1. Introduction to infant and young child feeding and growth assessment</b>	<b>39</b>
Session 1. Introduction to infant and young child feeding	41
Session 2. Introduction to the <i>WHO child growth standards</i>	53
Session 3. Local infant and young child feeding situation	59
Session 4. Local nutrition situation	65
<b>Module 2. Counselling skills</b>	<b>69</b>
Session 5. Listening and learning	71
Session 6. Listening and learning: exercises 1	87
Session 7. Listening and learning: exercises 2 – breastfeeding	95
Session 8. Building confidence and giving support	103
Session 9. Building confidence and giving support: exercises 1 – breastfeeding	115
Session 10. Building confidence and giving support: exercises 2 – complementary feeding	123

<b>Module 3.</b>	<b>Breastfeeding</b>	<b>131</b>
Session 11.	Why breastfeeding is important 1	133
Session 12.	How breastfeeding works 1	147
Session 13.	Assessing a breastfeed 1	159
Session 14.	Positioning a baby at the breast 1	175
Session 15.	Taking a feeding history – 0 up to 6 months 1	185
Session 16.	Common breastfeeding difficulties	193
Session 17.	Expressing breast milk 1	215
Session 18.	Cup-feeding	223
Session 19.	Breast conditions 1	229
Session 20.	Feeding low-birth-weight babies	247
Session 21.	Clinical practice session 1: Listening and learning – assessing a breastfeed	253
Session 22.	Clinical practice session 2: Building confidence and giving support – positioning a baby at the breast	263
<b>Module 4.</b>	<b>Breastfeeding (advanced sessions)</b>	<b>271</b>
Session 23.	Why breastfeeding is important 2	273
Session 24.	How breastfeeding works 2	299
Session 25.	Assessing a breastfeed 2	315
Session 26.	Observing a breastfeed	327
Session 27.	Positioning a baby at the breast 2	349
Session 28.	Breast conditions 2	363
Session 29.	Breast conditions: exercise	393
Session 30.	Refusal to breastfeed	399
Session 31.	Taking a feeding history – 0 up to 6 months 2	411
Session 32.	Taking a feeding history – 0 up to 6 months: exercise	421
Session 33.	Expressing breast milk 2	429
Session 34.	“Not enough milk”	441
Session 35.	Crying	455
Session 36.	“Not enough milk” and Crying: exercise	465
Session 37.	Counselling practice	471
Session 38.	Feeding low-birth-weight and sick babies	481
Session 39.	Increasing breast milk and relactation	505
Session 40.	Sustaining breastfeeding	517
Session 41.	Clinical practice session 3: Taking a feeding history – 0 up to 6 months	533
Session 42.	Clinical practice session 4: Counselling mothers in different situations	545
<b>Module 5.</b>	<b>Complementary feeding</b>	<b>557</b>
Session 43.	The importance of complementary feeding	559
Session 44.	Foods to fill the energy gap	571
Session 45.	Foods to fill the iron and vitamin A gaps	581
Session 46.	Variety, frequency and quantity of feeding	595
Session 47.	Gathering information on complementary feeding practices	607
Session 48.	Responsive feeding	627
Session 49.	Hygienic preparation of feeds	635
Session 50.	Feeding during illness and recovery	643
Session 51.	Checking understanding and arranging follow-up 1	653
Session 52.	Food demonstration	657
Session 53.	Clinical practice session 5: Gathering information on complementary feeding practices 1	669
Session 54.	Clinical practice session 6: Gathering information on complementary feeding practices 2	681
Session 55.	Feeding during illness and feeding low-birth-weight babies	691

<b>Module 6.</b>	<b>Growth assessment</b>	<b>701</b>
Session 56.	Introducing child growth assessment	703
Session 57.	Measuring weight, length and height	721
Session 58.	Measuring: it's not so easy	731
Session 59.	Plotting points for growth indicators	735
Session 60.	Interpreting plotted points for growth indicators	753
Session 61.	Interpreting trends on growth charts	769
Session 62.	Growth assessment results and feeding counselling when the child is growing well	781
Session 63.	Investigating causes of undernutrition	799
Session 64.	Counselling a mother or caregiver whose child has undernutrition	809
Session 65.	Investigating causes and counselling a mother or caregiver whose child is overweight	815
Session 66.	Checking understanding and arranging follow-up 2	827
Session 67.	Gathering information and counselling on complementary feeding practices and growth: role-plays	835
Session 68.	Clinical practice session 7: Listening and learning – measuring children	851
Session 69.	Clinical practice session 8: Gathering information and counselling on complementary feeding practices and growth	859
Session 70.	Growth charts	871
<b>Module 7.</b>	<b>HIV and infant feeding</b>	<b>883</b>
Session 71.	Overview of HIV and infant feeding 1	885
Session 72.	Overview of HIV and infant feeding 2	899
Session 73.	Antiretroviral therapy and infant feeding	913
Session 74.	Supporting women living with HIV to breastfeed	919
Session 75.	Supporting women living with HIV to use replacement feeding	929
Session 76.	Communication and support of infant feeding in the context of HIV	939
Session 77.	Supporting the national health authority infant feeding recommendations for women living with HIV	949
Session 78.	Practical session: Preparation of milk feeds for babies who require expressed breast milk or replacement feeding	955
<b>Module 8.</b>	<b>Follow-up</b>	<b>965</b>
Session 79.	Follow-up after training	967
Web Annex A.	Guidelines for follow-up after training (WHO/HEP/NFS/21.42; <a href="https://apps.who.int/iris/bitstream/handle/10665/346563/WHO-HEP-NFS-21.42-eng.pdf">https://apps.who.int/iris/bitstream/handle/10665/346563/WHO-HEP-NFS-21.42-eng.pdf</a> )	
<b>Supportive supervision/mentoring and monitoring</b>
