# Contents

<b>Acknowledgements</b>	<b>v</b>
<b>Acronyms and abbreviations</b>	<b>vi</b>
<b>Introduction</b>	<b>1</b>
<b>How does TrackFin work?</b>	<b>4</b>
<b>What are the key outcomes of TrackFin?</b>	<b>6</b>
Stronger positioning to advocate for increased WASH resources	6
Improved availability and quality of WASH financial data in countries	6
Improved communications and harmonized data from development partners	7
Better coordination, communication and collaboration among WASH actors	7
Institutionalization of WASH accounts	8
<b>What challenges arose during TrackFin implementation?</b>	<b>9</b>
<b>What can be learned from TrackFin data?</b>	<b>10</b>
Overall expenditure in the WASH sector	10
Distribution of government, donor, and user contributions to the WASH sector	11
Distribution of WASH expenditures among services and geographic regions	13
Main service providers and their respective share of spending	15
Hygiene expenditures as a proportion of WASH spending	17
<b>What are the essential elements for successful TrackFin implementation and institutionalization?</b>	<b>19</b>
National government ownership and strong stakeholder engagement	19
Capacity-building of national teams, with access to up-to-date tools and training materials	19
An iterative and incremental approach to TrackFin implementation	19
Use of the WASH accounts production tool (WAPT) for developing WASH accounts and standardized outputs	19
<b>What is the way forward for TrackFin?</b>	<b>21</b>
<b>Annex 1. The scope of TrackFin in countries</b>	<b>23</b>
<b>Annex 2. Availability of data for developing WASH accounts</b>	<b>24</b>
<b>Annex 3. Standard WASH accounts parameters</b>	<b>26</b>

## List of Figures

Figure 1. Timeline of TrackFin development and implementation . . . . .	2
Figure 2. Overview of the WASH accounts process . . . . .	4
Figure 3. Funding types and funding units for core WASH expenditures (drinking-water supply, sanitation, and support services) for Ghana (2012), Mali (2015), and Senegal (2016) . . . . .	12
Figure 4. Per capita core WASH expenditures by WASH service . . . . .	13
Figure 5. Distribution of WASH expenditure per capita by region in Senegal (2016) and Burkina Faso (2015) . . . . .	13
Figure 6. Expenditures for WASH services by type of cost in Senegal (2016) . . . . .	14
Figure 7. Breakdown by funding type for different types of costs for large water supply and sanitation systems in Senegal (2016) . . . . .	15
Figure 8. Expenditure for different types of WASH services by WASH service providers in Burkina Faso (2015) . . . . .	16
Figure 9. Contribution of different funding types to WASH service providers in Burkina Faso (2015) . . . . .	16
Figure 10. Distribution of total WASH expenditure by WASH service . . . . .	18
Figure 11. Financial flows between sources of funding and services in Senegal, in US\$ millions (2016) . . . . .	20

## List of Tables

Table 1. Countries implementing TrackFin . . . . .	3
Table 2. TrackFin classifications . . . . .	5
Table 3. Total and core WASH expenditure, core WASH expenditure per capita, and core WASH expenditure as a percentage of GDP . . . . .	10
Table 4. Approximate expenditure per capita by WASH service in Senegal (2016) . . . . .	14
Table A1. Scope of TrackFin in countries . . . . .	23
Table A2. WASH financial data availability by funding type . . . . .	24

# Acknowledgements

The World Health Organization (WHO) gratefully acknowledges the financial and technical support provided by the Agence Française de Développement (AFD); the Bill & Melinda Gates Foundation; the Foreign, Commonwealth & Development Office, United Kingdom of Great Britain and Northern Ireland (FCDO); Directorate-General for International Cooperation, Netherlands (DGIS); IRC; Swiss Agency for Development and Cooperation (SDC); UNICEF; United States Agency for International Development (USAID); WaterAid, the Water Supply and Sanitation Collaborative Council (WSSCC) and the World Bank for TrackFin.

Additionally, WHO would like to acknowledge all of the country government teams as well as all partners and stakeholders at country level that have made TrackFin possible in Argentina, Bangladesh, Brazil, Burkina Faso, Ghana, India, Kenya, Kyrgyzstan, Nepal, Niger, Nigeria, Madagascar, Malawi, Mali, Mexico, Morocco, Mozambique, Peru, Senegal, Tunisia, and Uganda.

# Acronyms and abbreviations

CBO	Community-based organization
GDP	Gross domestic product
