**Cataloguing-in-Publication (CIP) data.** CIP data are available at <http://apps.who.int/iris>.

**Sales, rights and licensing.** To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <https://www.who.int/about/licensing/en>.

**Third-party materials.** If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

**General disclaimers.** The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

List of contributors	viii
Acknowledgements	viii
Abbreviations and acronyms	ix

# CONTENTS

# INTRODUCTION 01

---

Who is this technical package for?	04
How this technical package was developed	06
What this technical package contains and how to use it	10
A systems approach to addressing falls	11
Falls: key facts	14

# SECTION 1 15

---

## THE MAGNITUDE OF FALLS WORLDWIDE

Why are falls a growing problem?	18
What are the risks?	19
Who is most at risk?	20
Children and adolescents	20
Workers	25
Older people	31
Approaches to preventing and managing falls	38

# SECTION 2 39

---

## ASSESSING THE FALLS SITUATION — KEY STEPS

SECTION 3

47

---

INTERVENTIONS FOR PREVENTING FALLS ACROSS THE  
LIFE-COURSE

Interventions to prevent falls among children and adolescents	51
Interventions to prevent falls among workers	73
Interventions to prevent falls among older people	87

SECTION 4

125

---

MANAGING FALLS

Injury management systems	128
Pre-hospital care	132
Hospital care	135
Rehabilitation	139
Post-fall care and targeted secondary prevention	144

# CONCLUSION 147

---

RECOMMENDATIONS	151
ANNEX 1: SAMPLE SITUATIONAL ASSESSMENT FOR REDUCING FALLS AMONG CHILDREN	155
ANNEX 2: NATIONAL HEALTH AND MEDICAL RESEARCH COUNCIL OF AUSTRALIA "BODY OF EVIDENCE MATRIX"	159
REFERENCES	160
PHOTOGRAPHY CREDITS	181
